## Y Building Ready By Thanksgiving

### ORIGINAL PLANS TO GOVERN

Contract for Big Structure  
To Be Signed  
Tomorrow

**FRANK HUDSON, L. A.  
CONTRACTOR, WINNER**

Folk at Meet Here Heartily  
Favor Carrying Out  
Scheme Sans Change

Members of the Santa Ana  
Y. M. C. A. will have an opportunity to eat Thanksgiving Day dinner in their own building, erected as originally planned.

The announcement was made today by Frederick H. Ely, architect, who drew plans of the \$200,000 "Y" building, following the awarding of the construction contract to Frank Hudson, Los Angeles contractor, at the dinner meeting of the board of directors, building committee and building fund subscribers of the S. A. Y. at James' cafe last night.

Hudson was low with a bid of \$128,500, it was announced. His bid, according to R. C. Smedley, building secretary, was low by \$6,000.

To Begin Work at Once.  
"All bids were closely figured, I should judge," said Smedley. "The range between low and high bid was only \$25,000."

Hudson has promised, it was said, to begin work on the building immediately following the signing of the contract tomorrow morning, when his signature will be attached to the papers with those of S. H. Finley, president, and F. C. Blauer, secretary, of the S. A. Y.

Erection of the building is expected to be completed by Thanksgiving day because Hudson at present has work in Santa Ana and therefore has his equipment on the ground for an immediate start on the new structure.

Hudson has the contract for the hall of records at present under construction in courthouse square, across the street from the "Y" building site.

Finley and all members of the "Y" board today expressed themselves as especially pleased with the spirit displayed at last night's dinner, when it was unanimously decided to proceed with the building as originally planned.

Ely's drawings will be followed to the letter, it was decided, excepting that the auxiliary gymnasium will be omitted until the last moment.

"Then," said the meeting in one voice, "we will raise the money necessary to complete the building."

In addition to Hudson's contract for the building, Smedley said, there still remain the contracts for plumbing, heating, lighting, wiring, tile and marble, elevator, steel windows, filtering equipment and other essentials, running to about \$60,000 in all.

### SUSPECT IN WOMAN'S DESERT CASE FREED

After Sheriff Ryan of Riverside county, and Sheriff Sam Jernigan had questioned the accused, Espango, Delhi, suspected of the murder of his aged mother-in-law on the desert between Mecca and Blythe, following the discovery of a portion of her skeleton and clothing Saturday, the Delhi man was liberated, and exonerated from blame in the case.

Investigation in Riverside county convinced officers that the aged woman had strayed from the desert camp, and having died, that coyotes had carried the body some distance.

**DRAINAGE DISTRICT  
VOTE DATE IS SET**

Preliminary steps toward the formation of a Newhope drainage district were taken today, as the board of supervisors here authorized an election, March 31.

Various persons interested appeared before the board, as the matter was discussed.

The \$250,000 Huntington Beach bond issue was sold to the Security Trust and Savings company, Los Angeles, for \$5975. There were three other bids.

### Desire to Vote? You Must Register Before March 9!

Unless you were registered as a voter during the calendar year, 1922, you must do so before March 9, if you desire to vote at the municipal election April 9.

Also, if there was a change in your address since you registered last year, you must transfer your registration before March 9.

Attend to this matter now! you may register either at the office of City Clerk E. L. Vegely, at the city hall, or at the office of County Clerk J. M. Backs, at the court house.

### TWO ESCAPE DEATH IN 8 FLOOR FALL

Police Hint Labor War Responsible for Plunge as Probe Shows Ropes Were Cut.

LOS ANGELES, March 6.—Police today began an investigation of the fall from an eight story scaffold of A. Polski and Elmer Goss, last night, after it was found that day that one of the ropes had been cut half way through with a knife.

Goss was uninjured despite his fall, but Polski is close to death at the receiving hospital.

Goss who employed Polski, was engaged with him in cleaning windows of the Metropolitan building when the rope gave way. Police declared today that Goss probably struck an awning, which broke his fall.

Police believe a labor war may be responsible for the cutting of the rope.

Goss told police that this is the fifth time he has fallen from a scaffolding, men with him being killed in three other cases.

### Harding Takes To Links First Day In Florida

ORMOND, Fla., March 6.—President and Mrs. Harding and the guests who will accompany them on their vacation cruise, arrived here today. Mr. Harding no sooner got aboard the houseboat Pioneer, than he turned around and came back ashore for a game of golf.

President Harding is considering a new plan for the American merchant marine as a substitute for the ship subsidy, which was blocked in the last session of congress. Chairman A. D. Lasker of the United States shipping board announced when he arrived with the president's party.

Mrs. Harding enjoyed the trip south. Both she and Mr. Harding expect that the trip on the Pioneer will have a most beneficial effect in helping the first lady of the land to regain her health after her six months' confinement to the White House.

### ROGERS CANDIDATE FOR CITY MARSHAL

Claude Rogers, recently appointed city marshal to fill the unexpired term of Sam Jernigan, now sheriff, today took out nomination papers as a candidate for election to the office. Prior to his appointment Rogers had served on the police force.

George S. Richardson today drew as a candidate for city recorder, leaving W. F. Heathman, incumbent, and Clinton ("Red") Ames as the only candidates for the office at this time.

In a letter to City Clerk Ed Vegely asking that his nomination petition be withdrawn, Richardson stated that he had been made Laxton to run and then shot him twice, once through each foot.

The holdup and shooting occurred on the Venice boulevard near Ocean Park. Mrs. K. Read, Laxton's companion, was too frightened to scream. A passing motorist took the injured man to a Santa Monica hospital.

## SEA YIELDS BODY OF SUICIDE BEACH TOYS THRILL POLICE WITH STORY OF GHASTLY MURDER

Was it a movie stunt?  
Or if not, what was it?

Over the story of two small children at Seal Beach, who claimed to have seen a man in a bathing suit alight from a small enclosed car at the ocean's edge about 6 p. m. yesterday, drag a young woman from the machine, decapitate her with a cleaver and throw her body into the ocean, a veil of mystery was dropped today, as city and county authorities were frankly puzzled in their investigation.

A few minutes after they were said to have watched the gruesome happening, the lads, one 7 and one 4, rushed home to their parents and told their story.

The children had been playing on the sand near the waterfront, they said, when they observed a man alight from a bathing suit, alight from the car, and were surprised, in a childish way, to see him roughly drag a woman said to have been young and pretty, from the tonneau.

As the pair reached the water's edge, the children declared, the man, wielding an axe or cleaver, cut off his companion's head, and as the tide receded, threw the head and body into the water. Then, reentering the machine, he drove away.

Badly frightened by the alleged occurrence, the boys ran to their homes. The father of one notified City Marshall Jack Coombs, who, after telephoning to the sheriff's office, began an investigation. Under Sheriff E. E. French reached the scene a short time later and assisted.

Bearing out, in a measure, the stories of the lads, the officers found wheel tracks such as would have been made by a light car. The tracks led to the edge of the water, where a high tide had erased them. Return marks were followed to the pavement, where they were lost.

No trace of a body could be located, and no one else was discovered who had seen the man in the bathing suit.

## SHOTS FLY AS PILOT NABBED AFTER CHASE

Arrested, authorities stated, after Deputy Sheriffs Herman Zabel and G. E. McClellan had pursued him for about a quarter of a mile, had stopped him, and he had escaped under fire from the officers. A. Lewin was scheduled to be arraigned before Justice J. B. Cox today on charges of cutting in and failing to have an operator's license.

Other more serious charges were being considered by District Attorney A. P. Nelson, it was learned.

The officers were responding to a call in Anaheim, and were on North Main street here, when they observed Lewin cutting in, several times, they said. So flagrant were the violations, they declared, that they caught up with him, and sounded the siren for him to stop. When he failed to do so, they crowded him off the road until he was compelled to halt.

As the officers approached his car on foot, the man was said to have called them vile names, and as Zabel ordered the driver to get out of the machine, he threw it into gear and, hurling the officer to one side, started.

Zabel fired several shots at the tires of the fleeing machine, and then the police car started in pursuit. Lewin was overtaken at the county hospital.

### CHAMBER MEMBERS VOTE ON MEN FOR DIRECTOR'S BOARD

Members of the Santa Ana Chamber of Commerce were voting this afternoon for three new members of the board of directors to go into office tomorrow morning.

At the close of the poll at 5 p. m. J. G. Mitchell, E. A. White, and Charles F. Smith, election judges, were to count the votes and prepare their report to be given at a board meeting tomorrow morning.

Uncontested, M. B. Wellington and Roy Vincent were ticketed as the new board members. Dr. P. Reynolds will succeed himself. Annual reports of all committees will be heard at tomorrow's meeting. J. C. Metzgar, secretary of the chamber, said.

With the retirement of old members and entrance of new members, the board will elect its president. Alex. Brownridge, retiring president, will become ex-officio president. Charles D. Swanner also will retire from the executive board.

### SMALL LOOT ANGRERS BANDIT, SHOTS MAN

LOS ANGELES, March 6.—Calling James J. Laxton "a cheap skate" because he had only \$15, a lone bandit, last night, made Laxton to run and then shot him twice, once through each foot.

The holdup and shooting occurred on the Venice boulevard near Ocean Park. Mrs. K. Read, Laxton's companion, was too frightened to scream. A passing motorist took the injured man to a Santa Monica hospital.

### HARDING IN HOT ATTACK ON RAIL MEN

President Declares Chaos on Many Eastern Roads Due to Action on Unions.

WASHINGTON, March 6.—Failure of the roads and the shop crafts unions to completely settle the railroad strike of last summer is responsible for the present demoralization of railroad conditions in parts of the country, President Harding declared in a letter made public today.

Nearly 180,000 or 40 per cent of all the men who walked out are still striking, it was estimated at the White House.

President Harding's letter was in reply to a communication from Stephen E. Connor, secretary of the Federated Shop Crafts of the Central Railroad of New Jersey, who asked the president for an autographed photograph. The photograph was to be used for a relief fund being gathered by the shop crafts workers of that road who are still on strike.

### SAYS DANGER OF \$1 GASOLINE IS MYTH

(By United Press Leased Wire)  
SAN FRANCISCO, March 6.—Cotton at a dollar a pound and wheat at \$5 a bushel will come just as soon as gasoline at \$1 a gallon, K. R. Kingsbury, president of the Standard Oil company of California, declared today, commenting on the report of the La Follette subcommittee, which said it saw possibilities of dollar gasoline if the Standard Oil's alleged grip on the industry were not broken.

Kingsbury said the expressed fear of dollar gasoline was "obviously only a vehicle to achieve prominence" for the committee's report.

"There is nothing to support the view," he declared, "either in the record of the investigation or outside of it. Not in years has gasoline been as cheap as it is today on the Pacific coast."

"The present generation will never see \$1 gasoline here. Cotton at \$1 a pound or wheat at \$5 per bushel is just as likely."

### COURT TANGLE HALTS VALENTINO MARRIAGE

CHICAGO, March 6.—Rodolph Valentino has postponed his second marriage to Winifred Hudnut until April 8.

After waiting nervously all day Monday, for word from Los Angeles that a decree of divorce from his first wife had been entered, the "sheik" postponed the ceremony for one month on advice of attorneys.

While his divorce was granted a year ago on March 4, the order was not signed until April 3 and Valentino must wait until that date before marriage to Miss Hudnut would be legal.

## Former Governor Of Illinois Backs Harding Court Plea

SAN FRANCISCO, March 6.—Commendation was voiced here today by former Governor Frank O. Lowden of Illinois, of President Harding's plan for the United States to recognize the international court of justice.

Lowden added that he believed Harding "is stronger with the people than ever before."

"As for myself," he said, "I am out of politics. I'm more interested in cows and cotton."

Lowden was here enroute to Honolulu on a pleasure trip.

### SEEK TRACE OF HAMMER GIRL IN S. F.

Wireless Operator Reports Mysterious Woman Made Trip From Mexico to Bay City.

LOS ANGELES, March 6.—Deputy Sheriff Frank Dewar, who guarded Clara Phillips, escaped hammer murderess throughout her trial, is in San Francisco today seeking information which Sheriff Traeger believes may lead to knowledge of her whereabouts.

Several days ago a wireless operator on a steamer coming from Mexico reported to the sheriff's office that a mysterious woman passenger had boarded his ship, and debarked at San Pedro, later boarding it again and going to San Francisco.

The wireless operator was so confident that she was Clara that he traced her movements after she left the ship in San Francisco and located friends whom she visited in the Mission district.

### HINT GOVERNOR PLANS BOOSTS IN BUDGET

(By United Press Leased Wire)  
SACRAMENTO, March 6.—Consideration of Governor Friend W. Richardson's biennial budget will be officially started tomorrow, with the senate finance committee holding an open hearing in the afternoon and the assembly ways and means committee taking up the document at a similar session tomorrow night. Voters interested in particular appropriations are invited to be present.

Assembly ways and means committee meetings will be Monday, Wednesday and Friday nights. The order in which the different items will be taken up was not announced.

Incomplete poll of the legislature today revealed many members in both houses reserving final decision on the budget until the amendments expected from Governor Richardson are received.

Mrs. Nellie B. Pierce, member of the board of control under whose direction the budget was drawn up, has been busy for several days revising certain items in the document, it was learned today. With Governor Richardson's guidance, amendments are being prepared which will increase several of the appropriation items, it is understood. The amount given the state forestry bureau is to be increased, some legislators have learned. While figures for certain other institutions will possibly be increased.

Little of interest was anticipated in today's sessions. Reappointment of attaches in both houses, laid off during the recess, is expected to take up a considerable portion of the day.

### TULARE MARSHAL IS WOUNDED BY BANDITS

TULARE, Calif., March 6.—Jesse Reed, marshal of this city, was shot in the abdomen early last night while trying to arrest two unidentified bandits who beat F. D. Guffy, gasoline service man, into insensibility, robbed Guffy, George Webb, his service attendant and the cash register and escaped in an automobile.

A large oil painting in the senate chamber of former Governor George C. Perkins of Oakland, is hung with crepe out of respect to his memory, following his recent death.

According to C. C. Conlin, attorney for the Economy league, of Los Angeles, some member of the southern delegation will soon introduce a bill the league fosters which would create the office of public trustee in each county, to handle deeds of trust and conveyances. Conlin declared today that

### "30" BULLETIN

WASHINGTON, March 6.—An investigation of rising sugar prices may be made by the department of commerce, Secretary Hoover said today.

## WILL TOUR U. S. FOR COURT

Harding and Hughes to Seek Public Support for Proposal

PLAN WIDE SWING THROUGH COUNTRY

Executive to Follow Route Taken by Wilson In League Battle

WASHINGTON, March 6.—President Harding and Secretary of State Hughes, during the long recess of congress will "stump" the country for American participation in the permanent court of international justice at The Hague, according to close friends of the executive.

In much the same fashion as Woodrow Wilson, four years ago made an extended speaking tour in the country west of the Mississippi in the futile hope of obtaining American approval for the league of nations, President Harding this summer will go over a similar route and in direct appeals to the people ask that the country ratify his proposal for American participation in the international arbitration court.

By Travel Allowance Congress has provided for additional funds for an extended speaking tour by the president. Last year the president spent less than half his annual \$35,000 for traveling expenses. In the deficiency bill passed in the closing hours of congress, it was provided that this unexpended balance might be added to this year's fund.

Congressional leaders were informed that the president would go to the Pacific coast and probably to Alaska. Along the route he is certain to make speeches, with the prospect that during the tour he will deliver fifteen to twenty-five important addresses.

Will Invade West  
Much of the criticism of the Harding foreign policy has come from the west.

Hughes, who is generally credited here with being responsible for the court's proposal, is expected to deliver a series of speeches in the east while the president is making his first visit to the far west.

### \$1800 LOSS AS 60 SUITS ARE THEFT LOOT

Sixty suits of clothing, valued at approximately \$1,800, were stolen from the Keen Hat Store, 175 West Center street, Anaheim, last night, according to a report made here today by Deputy Sheriffs G. E. Moellan and Herman Zabel.

The burglars entered the store through a transom at the rear, the officers discovered. Opening the door from the inside, they loaded virtually every suit in the store into a waiting truck, and drove away.

The marks of the truck were the only clue obtainable, it was said.

The burglary occurred some time between 10 p. m. yesterday and 7 a. m. today, when employees of the store discovered the loss. Little else of value was disturbed.

### WOMAN BLAZE VICTIM REPORTED IMPROVED

The condition of Mrs. T. E. Hitchcock, East Ninth street, Huntington Beach, who sustained serious burns during a blaze at her home there yesterday, today was reported as "satisfactory" by officials at the Community Hospital here where she is confined.

Mrs. Hitchcock was on the back porch of her house cleaning a sweater with gasoline when the fire started. It was believed by spontaneous combustion.

The Huntington Beach fire department responded quickly to the alarm and was credited with saving the residence from being entirely destroyed. Only the rear of the house was damaged.

## OBITUARY

Funeral services for Earl M. Wright were held yesterday forenoon at the Smith and Tuthill chapel, Santa Ana. The Rev. Montague of Fullerton, an old friend of the deceased, officiated. The El Modena choir sang beautifully "Asleep" and "Under His Wing." The floral tributes were many and beautiful. A scripture reading and prayer followed.

Earl M. Wright was born November 21, 1886. He passed away March 2, 1923, at the early age of 36. He was married to Rosella Wilson of this city in 1906. To this union were born five children, all of whom with the widow survive him. He is also survived by his mother, four sisters and three brothers. Most of his married life was spent in Tulare, where he was in business and was respected by the whole community for his upright character and quiet, good fellowship. He was a generous provider and most ambitious for the welfare of his children. A loving, thoughtful husband and father and son has passed to his reward.

## MAN FREED ON MOTHER PLEA AGAIN HELD

Charged with violation of probation, accorded him by Superior Judge Z. B. West last March, after he had been convicted of grand larceny, and after his aged mother had pleaded with the court for "another chance for her boy," George Waterman, held in San Francisco on forgery charges, will be arrested by Probation Officer R. R. Miller, on a bench warrant issued today by Judge West.

Miller left for San Francisco, to bring the boy back to court here. After Waterman's conviction of grand larceny, his mother in Denver, and his wife in Oklahoma, pleaded that he be given another chance, and in accordance with their wishes the court placed the lad under probation.

The mother took her son back to Denver with her, brought his wife there from Oklahoma, purchased the couple a house in which to live, and set the lad up in business, she said.

The boy failed to prosper, however, and after damaging the house, and ruining the business, he deserted his wife and went to San Francisco, with evil companions, according to Miller. Here, in company with several young women, he was arrested on bad check charges, and was held for Orange county officers.

"My boy has betrayed me," the mother, who arrived here today for conference with Miller, said. "Go and get him, and give him any punishment that may be due him."

## BEACH COUNCIL TO INSPECT HIGHWAYS

HUNTINGTON BEACH, March 6.—An inspection of practically all the principal highways of California will be the objective of a six-day trip of the entire city council, accompanied by the city engineer, Louis F. Gates, and the city attorney, Lou Blodgett. The decision to make the trip was made at the regular meeting of the council in the city hall last evening. They will travel with C. Boyle, the representative of the Portland Cement company of Santa Ana. A. Onson is the only member who will be unable to make the trip, which starts Sunday.

All possible data on the construction of roadways and beautified boulevards will be stored up in the memories of these men who are striving to "put Huntington Beach on the map" as a civic organization in their research work which will carry them as far north as Palo Alto and to the extreme southland of the state. Ocean boulevard, and a little later, the other streets of the city will be the beneficiaries of this week's investigation.

At the order of the council, Lou Blodgett, the city attorney, is meeting today with the county board of supervisors in Santa Ana seeking their co-operation in the draining of Clay street. There has been much difficulty with overflow water in that district. Louis F. Gates, city engineer, opened the outlet from the street and drained off the water. But the county also opened the outlet from their district and "drained in" the water to the same locality.

The meeting last evening proved a long detailed session as many regular bills and weekly routine work was discussed. It was reported that although the carpenters on the new city hall will probably be finished about the first of April, the inside finishing will not be completed to allow of occupancy until a date near May 1.

The council adjourned until Wednesday evening when they will hold a special session in as much as their membership will be "somewhere else" in California at the regular meeting time next week.

## CHARGES HALT WORK LINCOLN, Neb., March 6.

Work on the walls of the new \$5,000,000 Nebraska capitol was ordered discontinued this evening by the Nebraska capitol commission following the charge made at today's session of the commission, and in presence of Governor Charles W. Bryan, by State Engineer George E. Johnson, secretary of the capitol commission, that Bertrand D. Goodhue, prominent New York architect in charge of the building, had misled the state capitol commission into accepting a bid on cut stone which was \$115,000 more than should have been paid, and that Goodhue had let contracts for work without the approval of the commission. According to Governor Bryan an investigation of the charges was to be made at once. Mr. Goodhue was present when the charges were made, but did not make a statement.

He later refused to comment on the charges.

## CHINESE LABOR IS SCORED IN REPORT

WASHINGTON, March 6.—"Hawaii cannot be Americanized by Chinese coolies." Representative Box of Texas declared today in a minority report, attacking a resolution providing for the temporary admission of alien labor, including Chinese, into the Hawaiian Islands.

Mr. Box flayed the proposal, which is designed to relieve the field labor shortage and check Japanese economic control in the island, as "a diabolical scheme" of the sugar interests which, he declares, dominated the island.

Representative Johnson, Washington, chairman of the immigration committee, announced he would submit a minority report. Other Pacific coast members have announced their opposition to the measure.

In a majority report submitted yesterday, Representative Shaw of Illinois asserted restricted immigration under the supervision of the secretary of labor was the only way to "cure" the situation and maintain American control, which, it was said, was being rapidly absorbed by Japanese.

Mr. Shaw claimed in his report that Japanese in Hawaii were financing the opposition to the resolution. Protests have been made by the American Federation Unions in the United States.

MOVIES SCHEDULED.  
WINTERSBURG AND SMELTZER, March 5.—A moving picture show is scheduled for Friday night at the Oceanview school auditorium, to be given under the auspices of the school. One of Charles Ray's plays will be featured, and an educational picture will also be shown.

ORANGE COUNTY GETS \$54,780  
SACRAMENTO, March 5.—Will C. Wood, state superintendent of public instruction, announced today that the second annual apportionment for elementary schools will aggregate \$2,296,620, bringing the allotment for the year to a total of \$13,775,230. Orange county's share of the fund is \$54,780.

'FAG' SALE CASE SET

the value of trust deeds in Los Angeles county alone last year was \$24,900,000, and in the state over \$27,000,000. The average trust deed amounts to \$2500, on which the title companies charge a slight percent, or \$200 fee, the attorney stated. He estimates that, handled by the county, this fee could be reduced to \$6.25.

Legislators and newspapermen are expressing their thanks to John A. McGilvray, chief of the legislative counsel bureau, for a comprehensive digest or resume of all measures introduced during the first period of the legislature. The gist of the contents of each bill are included in a 480 page book, printed at the state printing plant, and it is the most comprehensive edition of its kind ever turned out. Lawmakers who admit they failed to spend the recess reading the 2,000 or more bills introduced, are admitting that McGilvray's work will prove a great boon to them.

Senator R. L. Hughes of Salinas, elected to fill the vacancy caused by the death of Senator E. S. Rigdon, is warning into his seat, following administration of the oath of office by President C. C. Young as part of the opening day's business.

Representatives of the different automobile clubs of the state, will meet here Friday in an effort to agree on legislation for the completion and extension of the state highway system.

San Francisco legislators have called a caucus for noon today to organize, elect a chairman and express their disapproval of re-apportionment legislation now pending in both houses.

## PROSPERITY IN CALIFORNIA REVEALED

LOS ANGELES, March 6.—Theatergoers and followers of the silver screen in Los Angeles and vicinity, expended the enormous sum of \$2,320,215.30 in February to satisfy their craving for those forms of education and recreation. In the same period, dotting sweethearts, found papers and other affectionate relatives separated themselves from \$1,270,299.60 for love tokens in the form of jewelry.

These were figures released today by Collector of Internal Revenue Rex B. Goodcell, when he made public the receipts in the sale tax division, collected at the office of Deputy Revenue Collector E. M. Cohee. The total sales tax collected in February on all items amounted to \$412,580.12.

February, according to Collector Goodcell, was a banner month in the sales tax division of his office. The collections here are considered a criterion of business conditions in the whole district. Four of the five items reported showed increases over February, 1922, ranging from 10 to 80 per cent. These were beverages, 80 per cent increase; admissions to theaters, 10 per cent; manufacturers' excise tax, 10 per cent, and jewelry 15 per cent.

The several items on which revenue taxes were paid and the amount of taxes collected follows: Telephone and telegraph, \$94,500; beverages, \$573,200; admissions, \$232,021.53; manufacturers' excise, \$110,575.82; jewelry, \$63,514.98.

The tax on long distance telephone service and telegrams amounted to approximately the same total as collected in February one year ago.

The showing made in the tax on admission tickets to motion picture entertainments and theaters was remarkable. The present revenue act exempts tickets from tax cost less 10 cents and less. Before the act was changed the tax was paid on all tickets. The total tax in February, 1918, on tickets amounted to \$582,606.52. Taxes were collected in that period on all admissions.

Miss Catherine Schnepfe, a teacher in the public schools of Baltimore, Md., has asked permission of the circuit court to change her name back to her maiden name, the reason being that the pupils had such trouble with Schnepfe that it was a constant source of annoyance.

## LONG BEACH IS NOW REALLY HARBOR

LONG BEACH, March 6.—Long Beach has at last been listed as a port by railroads, thus lowering freight rates from interior points. Heretofore objection has been made that the channel was so shallow that ocean going ships could not land there.

The city last year appropriated a large sum for dredging and this work has been rewarded by making Long Beach officially a port. It is said that freight rates from Imperial Valley will be lowered seven cents and that much produce now going to Wilmington and San Pedro will be moved through here in the future.

## MERCHANTS SUPPORT U. S. BUILDING DRIVE

Endorsement of the Santa Ana Chamber of Commerce campaign to secure an appropriation for a federal post office building here was made today at a meeting of the board of directors of the Santa Ana Merchants and Manufacturers' association.

P. S. Lucas, secretary, was instructed to address letters to United States Senator Hiram W. Johnson and Samuel M. Shortridge and to Congressman Phil D. Swing urging them to use all possible means to bring about an appropriation for a federal building here. Plans were made by the board to hold a quarterly meeting late this month that would be of interest to all members of the association.

New members approved by the board today included:

Baird and Roberts, cleaners; Bowles Motor company, State-maker; Kinslow machine works; Gowen and White, fruit packers; Brock Glass company; Townner's, implement manufacturers; Richards' Express; Towers Manufacturing company; Chase studio; Pacific Southwest Trust and Savings bank; Andrew J. Harby, shoes; Broiler cafe; Cope Electric company; Robertson Electric company; H. L. Warner, women's wear; and Santa Ana Soda works.

## BOXING SHOW ALIBI IN GIRL CASE TRIAL

With an alibi featuring the testimony of the defense, the second day of the retrial of Roy Britton, Fullerton, charged with an offense involving a Fullerton girl, was in progress before a jury in Superior Judge R. Y. Williams' court today.

Defense witnesses sought to prove that Britton was at a boxing exhibition at Delhi on the night of the alleged wild party which was said to have been the cause of the girl's subsequent trip to Florida. Several witnesses testified to seeing the Brittons and companions at the "fights."

It was expected that the trial would be concluded today.

## SAND BURIAL DEATH FOUND ACCIDENTAL

A jury of six Huntington Beach men, summoned by County Coroner C. D. Brown, to inquire into the death there of Claude Stoddard, 20, found that the young man had been accidentally killed when he was engulfed by sand, which fell on him. The accident occurred two miles north of Huntington Beach at a gravel pit. The inquest was held at the Bundschu funeral parlors.

Either the injuries sustained by the young man or the suffocation brought about by the tons of sand could have caused death, the jurors found. Stoddard's left leg was crushed, his neck was broken and his body was cut.

The chief witnesses at the inquiry were Robert Kelly, who was employed with Stoddard at the pit, and Mrs. H. Chandler, of the Orange Inn, Orange, where Stoddard had made his home since his arrival in Orange county from Corral, Mich., several weeks ago.

Disposal of Stoddard's body today awaited an answer from a telegram sent to Mrs. Stoddard, telling her of her son's death.

Defense witnesses sought to prove that Britton was at a boxing exhibition at Delhi on the night of the alleged wild party which was said to have been the cause of the girl's subsequent trip to Florida. Several witnesses testified to seeing the Brittons and companions at the "fights."

## AUTO SUNSHADE STOLEN

T. L. Pazel, 311 East Washington avenue, left his automobile at 815 French street for fifteen minutes. When he returned, the sunshade on the car, valued at \$20 was gone, he told police today. The sunshade, constructed of aluminum and green glass, was securely fastened to the windshield of the car, Pazel said.

## OLD FRIENDS MARRY

MINNEAPOLIS, March 6.—Sweethearts as boy and girl on neighboring farms in Southern Minnesota—a separation of forty years—a romantic meeting in the twilight under the trees at the Minnesota Soldiers' home—rekindled affection—a minister and a ring—the honeymoon dreamed of decades ago, Niagara Falls, New York, Washington. It is dreams come true for W. L. Humanson, aged 76, sergeant of Cottage No. 1 at the Minnesota Soldiers' home, and his bride, aged 63, who was Mrs. Elida A. Martin, 3112 Harriet avenue. With all the secrecy of a boy and girl wedding, they were married at the home of Mr. Humanson's sister, Mrs. L. M. Smith, 131 North Fairview avenue, Merriam Park, on January 23. It has just been discovered. Dressed in his best uniform, the Civil War veteran, and Mrs. Martin, who is chaplain and a past president of Circle 86, Ladies of the C. A. R., beamed while Rev. William C. Launsbury read the service.

## WANTS TO HELP OTHER WOMEN

Grateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I am willing to write to any girl or woman who is suffering from the troubles I had before I took Lydia E. Pinkham's Vegetable Compound. My back always ached, so I could not go about my housework, and I had other troubles from weakness. I was this way for years, then my sister-in-law took the Vegetable Compound and recommended it to me. In the time I have been taking it, it has done wonders for me. I keep house and am able to do lots of work besides."—Mrs. HELEN SEVICK, 2711 Thomas St., Chicago, Ill.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years this same sort of experience has been reported by thousands of women.

Mrs. Sevick is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

## GOOD MANNERS

Returning from a party or other social gathering, if it's early and her family is still up, a young girl may invite her escort in, on reaching home. However, this is not obligatory. If it's late, the escort is not asked in, but may be invited to call. In some sections it is still considered correct for a young man to make this request for himself.

## NEWS BRIEFS

Five building permits were issued today for \$7,150 in work planned, making the total for the month 29 permits for \$41,675, and for the year 334 permits for \$726,517 in buildings, according to records of W. S. Decker, building inspector.

Dr. George Hart, veterinarian science director of the University of California, and Dr. J. J. Frey, state dairy industrial department specialist, will talk to Orange county dairymen at a luncheon planned to be held at James' cafe here next Saturday, according to W. M. Cory, assistant farm advisor.

Plans of the Santa Ana Community Players' association to stage "Goodness Gracious Anna-belle," are proceeding apace, it was stated here today, following a meeting held at the junior high school last night, when the play was given its first reading. No try-outs were held. It was announced that these would be held at 7:30 p. m. Thursday at the same place. Opportunities to take part will not be limited to members of the players' organization, it was emphasized.

"Sheiks and tribesmen" of the Oriental Order of Humility and Perfection, I. O. O. F., will greet the city's supreme commander, Elmer H. Hufnagel, of New Jersey, at Los Angeles, April 7, it became known here today. A monster joint gathering and ceremonial is being developed for that day. The place of meeting will be announced of later.

Officers of Anaheim Lodge No. 1345, B. P. O. E., will conduct the initiation work at a meeting of Santa Ana Lodge No. 734, to be held the evening of March 27, it became known here today. Anaheim Elks have announced their intention of being here in large numbers on that evening. In a sense an offspring of the Santa Ana lodge, the Anaheim organization is now crowding its parent lodge in membership and activity, it was said.

With an attendance contest beginning tomorrow, officers of the Santa Ana Kiwanis club today were anticipating the presence tomorrow of a full membership. Members who cannot be present here were being urged to attend a meeting of some other Kiwanis club during the week. Ben B. Hampton, motion picture producer, will be the speaker. Maurice Phillips will sing. The meeting will begin at 12:05 p. m. instead of 12:15 p. m.

While no direct word was shed today from J. E. Pleasants, veteran bee man of the county who is ill, the fact that his family physician had not been called yesterday or today was taken as indication that he was improving. Pleasants was taken ill while in this city Friday and was removed to his home in Silverado canyon.

An assessment of \$10 a share on stock of St. Ann's Inn became payable today. The levy has been made for payment of part of the costs of the furnishings of the Inn.

The Junior College Honor society today had been officially organized. Officers elected at meeting yesterday at noon were, president, Carl Hagge; vice-president, Leah Crane; secretary-treasurer, Persana Deimling. Sixteen of the junior college students here have attained the membership standard.

The Michigan Society of Southern California, Inc., which is pledged for a greater Southern California, will hold a picnic or reunion for all former residents of Michigan and their friends, Sunday, March 11, at Sycamore Grove park, Los Angeles. Through special arrangements with a Los Angeles radio, a Michigan sacred service will be received by specially installed loud speaking receiving set at the Grove. Dr. Flewelling of the department of philosophy of the University of Southern California, formerly of Greenville, Mich., will deliver the address.

Santa Ana Odd Fellows were interested today in a proclamation received from Grand Sire L. J. Eastin of St. Joseph, Mo., head of the sovereign grand body of the American I. O. O. F., appealing for aid for the Odd Fellows of Germany and their families who are in need. "Undoubted proof of dire suffering is at hand and a prompt and generous response from the membership of this continent is expected," the proclamation said.

CO. L. PIONEER  
OFFICER HERE  
FOR VISIT

Col. and Mrs. Harry T. Matthews, residents of this city twenty-five years ago, were here today for a visit with their son, Harry, and his wife, Ollimae Matthews.

The visitors are stopping at St. Ann's Inn and will remain here several weeks renewing the acquaintance of old friends.

Since leaving Santa Ana in 1898 Col. Matthews has been attached to the regular army. He was in the Spanish-American war and saw service overseas during the World War.

He has been transferred from Seattle to Honolulu and he and Mrs. Matthews are on their way to that place, Col. Matthews having secured a three months' furlough. They will sail from San Francisco May 22 on a government transport.

When living in Santa Ana, Col. Matthews followed the practice of law. He was elected first lieutenant of Co. F, Ninth regiment, when that company was organized here in November, 1890.

Charles S. McKelvey was captain and Nate Um second lieutenant. When McKelvey was appointed a major in the Ninth regiment, two weeks after the organization of Co. F, Matthews became captain, and Um first lieutenant. Dr. C. D. Ball became second lieutenant.

Matthews captained the company for a number of years. Being a competent drill master and a strict disciplinarian, he developed his organization into one of the crack units of the regiment. Co. F, while under the captaincy of Matthews, always won distinction at the annual regimental encampment.

In Santa Ana only once since his departure twenty-five years ago, Col. Matthews said he had noticed the tremendous progressive strides taken by the community in that time. He said he had kept in close touch with the development of the city through reading The Register.

OIL UP OLD BIKE  
FOR PARADE HERE

Got a bike?

Well, get it out and oil it up. You'll want it Saturday when the "Sociability" ride and decorated wheel parade takes place under the auspices of local bicycle dealers.

The affair will start from the courthouse at 11 a. m., giving the boys and girls, and grown ups, too, a chance to fix up their bikes to be prepared for the occasion.

Fred St. Onge, well-known from coast to coast as a rider, will be in full charge of the ride and lead the parade on his old time high wheel, the kind "dad" used when the bicycle was the King of the Road.

"The main object of the sociability runs," St. Onge said, "is to increase interest in bicycle riding."

"The ride Saturday is open to all sexes and ages. The distance will not be great and the pace will be slow that the youngest rider will be able to keep up with the leaders. Attractive souvenirs will be distributed to all who participate."

"There are no strings attached to the invitation and nothing will be sold. Everything is free. It is simply a ride for health and pleasure and everybody with a bicycle is welcome."

"The Harris Bike Shop, Henry's Bike Shop and H. W. Myrick are local bicycle dealers where information may be had about the carnival on wheels. Some elegant prizes will be announced tomorrow for riders with decorated bicycles."

ENDS LIFE AS FAME  
IN MOVIES DENIED

(By United Press Leased Wire)  
LOS ANGELES, March 6.—"I just simply couldn't make the grade."

This was the note left by Joseph McDermott, 37, motion picture character actor, who committed suicide by turning on the gas in his room early today.

The note was addressed to his brother, Dr. P. T. McDermott of Kewanee, Ill., his home town. McDermott, who had the ambition to become a nationally famous character actor, has been playing small parts for several years in various studios. Friends said he had been despondent at his inability to make a great reputation.

He still had on his last character "make-up" when his body was found this morning.

GIRL SAVES BROTHER  
FARGO, N. D., March 6.—Robert, 1-year-old son of Mr. and Mrs. A. Brunelle, living near Wild Rice, this county, is alive but in a critical condition at the home of his grandparents in Fargo—alive because of the heroism of his 3-year-old sister, Cecile. Left alone in a room with a tub of hot water, Robert tumbled into the water. Seizing his legs, the little girl pulled him out and then called her mother. His abdomen and chest were severely scalped.

THIEVES TAKE COAL  
NEW YORK, March 6.—A coal thief, who is believed to use a rubber shovel because he works so silently, was being sought here today.

Several complaints have been received by the police from apartment house owners who say some one has been taking their coal in the dead of night without making any noise whatever.

ANNUAL REPORT  
TELLS OF ITS  
ACTIVITIES

SACRAMENTO, March 6.—The ninth annual report of the Commission of Immigration and Housing recently handed Governor Richardson, gives a comprehensive survey of its activities during the nine years of its existence, as well as the work accomplished by its various departments during the first ten months of 1922.

Statistics for the period from January to November 1, 1922, show that the labor camp sanitation department, in enforcing the Labor Camp Sanitation act, inspected 1,710 labor camps, covering every industry, throughout the state in which twenty-nine different nationalities aggregating a total population of 79,628 were found living in these camps. Since 1914 the department has inspected 12,570 camps in which 465,338 persons were housed. Through its efforts labor camps have been made fit places for human habitation and its history for less than nine years has been a history of continuous progress and constructive accomplishment.

Assisted by efficient and intelligent co-operation on the part of local authorities the commission's housing department has gone far in the elimination of vicious housing conditions existing in practically all of our cities. There still remains much to be done in this direction but the results of past activities augur well for future efforts and the commission looks to the not far distant day when California can point with pride to the housing conditions of her cities. To this end a bill, resulting from the deliberations of housing experts, meeting in two institutions called by the commission, has been introduced by Senator Luman at the present session of the legislature. This bill modifies the existing state housing laws to meet conditions which have arisen since their enactment in 1917. Another advance in housing legislation is contemplated by the commission in a bill, now before the legislature which calls for state assistance to home builders with small incomes.

The statistics of the complaint department, the real point of contact between the alien and the state, show that more than 38,000 immigrants have called upon it for assistance in settling difficulties of every nature. Of this number 3,000 such petitions were heard and adjusted from January 1 to November 1, 1922. Persons representing over fifty different nationalities have been aided by the complaint department during the past year and a conservative estimate of the amount of money saved the state in the cost of jury trials arising out of these troubles, would exceed \$25,000. This figure does not consider the cost saved the parties themselves which probably is beyond calculation. The commission is rapidly assuring the immigrant that he will receive the "square deal" he is entitled to and which, prior to the creation of the commission, he was not getting.

Until the commission came into being there was practically no state recognition given to the important and necessary activity of the teaching of English to the foreign-born. Save in isolated instances there was no acknowledgment that the state had the problem of the immigrant who could not speak English. Now the fact is universally recognized, the field surveyed and the State Board of Education has added to its activities a new and important one, the department of immigrant education. Practical experiments, progressive legislation and a tireless campaign to awaken public interest and enlist public sentiment—all of this on the part of the commission—made the move possible.

The 1920 census shows that approximately fifty per cent of the total population of the state is comprised of 305,000 foreign-born and 910,000 native-born of foreign parentage. The report shows clearly, the handicaps of the immigrant, the necessity for the removal of these handicaps and the manner in which the commission is slowly but surely removing them, all to the end that the immigrant, potential citizen of today, may be the wide-awake understanding citizen of tomorrow.

MAN IS HURLED  
TO DEATH BY  
LOCOMOTIVE

The story of how Louis Reyes, El Modena, drove to death in the path of a speeding locomotive at Irvine station yesterday afternoon, was scheduled to be told at an inquest to be held by Coroner C. D. Brown at Smith and Tutthill's funeral parlors here at 1:30 p. m. today.

Reyes, driving a light automobile, evidently attempted to cross the tracks in front of the Santa Fe train due in Santa Ana at 3:30 p. m.

According to Otto Summers and other witnesses, Reyes drove on the tracks at a speed of about twenty miles an hour.

Must Have Known Peril.  
The man had driven over this crossing scores of times and must have been aware of the constant danger that exists there of a train bearing down from the south hidden by the bean warehouses, witnesses declared.

Reyes' automobile almost got across in front of the engine. The rear of the automobile was struck, and the machine was hurled thirty-five or forty feet. Reyes himself was thrown fifty feet further than his machine, and the gasoline tank and one of the tires landed in the grass 150 feet from the wreckage. The train stopped within a half mile, and backed up to the crossing.

Scores Gather.  
By the time the train had backed up a score of men and women were gathered about the victim of the wreck. A hasty examination showed that the man was still alive. The conductor had the man placed on the train, and had started for Santa Ana when it was discovered that Reyes was dead.

Sheriff Sam Jernigan made an investigation.

PLEASING BILL  
BROADCAST BY  
KFAW RADIO

KFAW last night broadcast an instrumental concert, regarded as one of the most pleasing musical programs ever radiating from this station, when Jack Langley, violin; Marvill Larsen, cello, and Miss Ruth Langley, piano, presented several trio and individual numbers, and Mrs. Dorothy Robinson, teacher of steel guitar, played.

The trio numbers were "Out of the Shadows," "Princess of India," "Call Me Thine Own," and a fox trot arrangement entitled "The World is Waiting For the Sunrise."

Jack Langley played Chopin's "Nocturne" in his usual brilliant style.

Mrs. Dorothy Robinson was playing at the special request of friends in New York City. This station has been heard quite plainly in New York, but it is not always possible, it is said, owing to interference by other radiophones in the East and Middle West. The New York friends will report their results.

Eleanor Young Elliott last night entertained the kiddies with the story of "Why Reddy Fox Wears Red."

Mrs. Robinson's numbers were the "Hawaiian Love Song," a Spanish selection entitled "La Golondrina," and the delightful old Hawaiian favorite, "Aloha."

Charles L. Cordon, of Bridgeport, Conn., reports listening to KFAW for the second time, February 5 and again February 19. He describes the program numbers.

Everett Adamson, of Sterling, Colo., says he listens to KFAW frequently, and enjoys the programs. He says the signals are strong and that the modulation and quality is very good.

E. L. Karns, in Toledo, O., reports listening to KFAW February 15, at 6:45 Pacific time, with a bedtime story by Eleanor Young Elliott.

Miss Marguerite Lindsey, now taking a post-graduate course in bacteriology at the University of Pennsylvania, is the only one of her sex holding the position of ranger. She is also the only girl born and raised in the Yellowstone National Park.

CROWN CITY DRIVER  
FORFEITS \$300 BAIL

L. P. Bowles, Pasadena man, arrested by city officers here several weeks ago on charges of operating an automobile while under the influence of intoxicating liquor, had today forfeited \$300 bail, which he had placed for his appearance before Justice J. B. Cox for preliminary examination yesterday.

Bowles was arrested by City Officer Robert Elliott, near the intersection of Fifth and Main streets, after, it was said, he had operated his car in a manner which aroused suspicion.

FILED INCOME TAX  
RETURN? HURRY IT!

Have you filed your income tax return?

A. B. Pich, deputy internal revenue collector, and his associates in the office located in the city hall building, want you to know that—March 15 is the last day, and that last is but nine days away.

If you are single and made \$1,000 during the last year, you must file a return, Pich declared. If you are married and made \$2,000 or more, you must file in one of the tax blanks, even though you will not be taxed on any amount less than \$2,500, he explained.

If you are married and have children numerous exemptions are made but the return must be filed, he concluded.

## CUT THIS OUT—IT IS WORTH

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley's Kidney Pills for pains in sides and back; rheumatism backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headaches, and sluggish bowels. SUNSET CLUB MEN  
PLAN BIG DINNER

Members of the Sunset club here today were anticipating a jolly time this evening when they will give a "housewarming" program in the new rooms of the organization on the third floor of the First National bank building.

A dinner will be the principal event, with toasts expected to develop at the banquet board. There is no scheduled program of entertainment.

The committee in charge is composed of Jay Hannil, Amos Cox and Dan Cooke.

The club is the oldest social organization in the city. It was formed nearly thirty years ago. Until the transfer to the new rooms last week the club had occupied, since its inception, quarters in the second floor of the building occupied by Witman's confectionery, 410 North Main street, and the Rutherford Millinery store, 412 North Main street.

CONFEDERATES PLAN  
TO ATTEND REUNION

Members of Hi Bledsoe Camp No. 1201, United Confederate Veterans, were being urged today that if they plan to attend the thirty-third annual reunion of the Confederates at New Orleans, April 10 to 13, they should notify Col. R. S. Kimberlin, 616 South Main street. This applied also, Adjutant T. A. Hays said, to all Confederate veterans, or Sons of Veterans or Daughters of Veterans. The following Santa Ana delegates have been appointed: R. S. Kimberlin, E. C. Badley, Mrs. Victor Montgomery, sponsor; Mrs. L. E. Mayfield and Miss Louise Montgomery, maid of honor.

**CELERY STOLEN.**  
Deputy Sheriff G. E. McClellan was today investigating the reported theft of three crates of celery from the Irvine company's warehouses near Aliso last night. The crates were well labeled, according to report. Arrests are expected.

PRINCESS—"All The Brothers Were Valiant," with Lon Chaney.

"ADAM'S RIB" OPENS RUN AT TEMPLE TOMORROW

Pauline Garon, the charming young actress who is the newest recruit to Cecil B. De Mille's banner, has an important role in De Mille's latest Paramount picture, "Adam's Rib," which comes to the Temple theater for five days, beginning tomorrow. Miss Garon will be remembered by theatergoers for her work in "Lilies of the Field" and by screen audiences everywhere for her delightful characterization in "Sonny."

The present De Mille production is an original story by Jeanie McPherson. Pauline Garon is one of a quintet of notable screen players who head the cast, the others being Milton Sills, Elliott Dexter, Theodore Kosloff and Anna Q. Nilsson.

## MIX SCORES HIT IN "ROMANCE LAND"

"Romance Land," featuring Tom Mix, which will be shown for the last time at the Yost theater tonight is one of the best things that this talented artist has done so far.

"Romance Land" has all the charm of "Ivanhoe" and the tales of King Arthur, combined with the thrill and excitement of a modern Western photoplay. The director has blended not only the spirit of two ages.

The atmosphere which surrounds the narrative has been developed by a capable mind. The action itself gathers speed as it goes along, rising to a sharp crescendo at the finish. In and out among these exciting scenes is embroidered the golden thread of romance and the silver skein of comedy. To these elements of excellent entertainment is added splendid photography that pleases the artistic sense.

## "MY AMERICAN WIFE" AT YOST TOMORROW

Antonio Moreno makes his debut in Paramount pictures at the Yost theater tomorrow as leading man for Gloria Swanson in "My American Wife." This role is said to give this sterling actor excellent opportunities of which he makes the most. The story deals with the love romance of an American girl in Argentina and is said to be most colorful.

## HOLT HAS EXCITING ROLE IN WEST END FILM

Making burglary a profitable pastime ought to furnish any wealthy young man, suffering from ennui, with something different in the way of thrills.

At any rate, this leads to some most surprising situations in "Nobody's Money," a picture starring Jack Holt, now showing at the West End theater. For in that picture Holt has the role of a young man who is advised by his physician to "lay aside his work and get into something exciting to escape a nervous breakdown." He chums with a burglar, Eddie, whose fingers naturally cling with pertinacity to everything they touch.

But does Jack Holt thrive on burglary? Well, that's only the half

of it. Not only does he regain his health, but here are a few other things he does:

Saves two young friends from a damage suit, saves them from going to jail; reforms Eddie, his burglar chum and Eddie marries his sweetheart, also a reformed crook; gets this couple a present of \$2,000 for a wedding present; recovers a stolen pearl necklace; succeeds in re-electing the governor to office and... marries the governor's daughter.

S. A. MUSIC LOVERS  
TO HAIL ARTISTS

Music lovers of Santa Ana are looking forward with keen interest to the appearance of J. H. Shearer, celebrated Scottish organist, and Annie Strubbe Shearer, distinguished Canadian soprano, at the First Presbyterian church here Friday night.

Reports received here state that the tour of these two artists, which began at Buffalo, N. Y., nine months ago, has been somewhat in the nature of a continuous triumph. Requests for return appearances have been numerous, it was stated.

ORATORY CONTEST  
DATE ANNOUNCED

The final contest for Orange county high school entrants in the oratorical competition among students of Southern California schools, under the auspices of the Southern California Citizens' committee, will be held at the Santa Ana high school auditorium April 13, Randolph Leigh, executive chairman of the committee, announced today.

The local contest will be between six representatives of the Santa Ana, Orange and Anaheim high schools, with a prize of \$50 going to the winner. The winner will contest with the representatives of five other counties, and if he defeats those he will compete in Los Angeles May 11 for the major prizes of \$500 and \$1500.

J. P. Baumgartner, O. H. Barr and A. J. Crookshank are the committee for the contest in Orange county. One of these men probably will preside at the local competition.

## MARRIED 50 YEARS AGO

FREMONT, Neb., March 6.—Mr. and Mrs. John Hardenbrook, Fremont, celebrated their fiftieth wedding anniversary Monday. They were married in Albia, Monroe county, Iowa, in 1873. The Hardenbrooks came to Fremont in 1894 and have resided here since that time. The husband, 74 years of age, retired from active business some time ago. Mrs. Hardenbrook, 72, still does her own housework and both enjoy fairly good health.

STANFORD STUDENTS  
RE-OPEN OLD MINE;  
TO GET EXPERIENCE

STANFORD UNIVERSITY, Mar. 6.—Students in the geology and mining departments of Stanford University will open and actually operate the old "Hermit" mine, one and one-half miles back of the Stanford campus, in connection with the practical instruction courses in those departments, it has been announced by Theodore Hoover, head of the mining faculty.

The work of reconstructing the mine is being financed by an anonymous donor, and already the old shaft has been partly cleared by students, who were able to make progress at the rate of forty feet a day during a recent vacation.

Lead, silver and zinc, associated with limestone, are the minerals to be found in the old mine. Though the deposits are not in quantities sufficient to pay for operation on a large scale, it is expected that the mine will furnish an excellent model for mining classes, as well as to provide various geological samples.

Until a few years ago the depth of the shaft was unknown because of the debris with which it was filled. Professor Hoover accidentally discovered its proportions by dropping a sounding line into the water which filled the mine. By chance the plummet slipped through a small space between the jammed timbers and went to the bottom of the shaft some 1900 feet below the surface.

The burglar made a prize haul recently when he got away with 15 tons of fuel in one apartment building.

### March Anniversaries Happily Celebrated By Eastern Stars

One of the happy events in Eastern Star circles followed last night's regular chapter session for Hermosa members gathered in the Masonic temple.

The affair was one of surprises throughout, not only for members but for some of the officers who discovered that they were honor guests at a delightfully arranged party. The first surprise came when James A. Tarpley, worthy patron, presented Mrs. Whitson with a handsome gavel as a personal gift honoring the near approach of her birthday.

Mrs. Mabel Rowland, associate matron then added to the entertaining features by formal introduction of a new officer, associate patron, apparently conforming to grand chapter where such an office exists. Interest ran high and laughter prevailed when with much solemnity, Mrs. Rowland produced the kerpelle doll which she won at a recent dinner with which Mr. Tarpley honored his official family. The speaker and her "associate patron" then marched to the east and presented Mrs. Whitson with a dozen exquisitely embroidered Maderia tea-napkins, the birthday gift of the officers of the chapter.

Added surprise came when Mr. Tarpley announced the birthdays of Mrs. Rowland herself and of Mrs. Mark Lacy, associate conductress. Mrs. C. V. Doty, marshal, presented each with a handsome cluster of flowers. With birthday disposed of, wedding anniversaries were called for and Mrs. Roy Shaffer, the Ada of the chapter, received pink sweet peas in honor of being the sole bride who chose the date for her wedding.

Mrs. Whitson, almost overwhelmed, tried to voice her pleasure and her surprise and suggested the continuation of the social hour, little dreaming that other surprises were awaiting in the banquet room. For there the officers had busied themselves and beautiful St. Patrick's day decorations greeted the members.

Tables arranged in a huge hollow square, were massed with handsome potted ferns, loaned through the courtesy of the C. C. Collins nursery. Crystal candelabra held green candles and shamrock cards indicated places for the guests. Within the square were seated the officers and all those who claimed March as their birth month.

Adding caps and bolero jackets of emerald green to their costumes, members of the Star points served refreshments of ice cream, home-made cake (baked by the chapter officers) and coffee. In all arrangements, the officers were assisted by advice, suggestions and aid of Mrs. Tarpley, wife of the patron.

### PERSONALS

Among week-end guests in this city were Mr. and Mrs. Willard C. Lindsay of Los Angeles, who were entertained in the home of Mr. and Mrs. J. L. Walker, 818 1/2 North Mesa street. Mr. Lindsay was former manager of the local branch of the Southern California Automobile club.

Mr. and Mrs. A. C. Wiper and their son, Robert Wiper, have concluded a pleasant visit at the Dr. L. L. Whitson home, 909 Spurgeon street, and gone to Redondo where they will make a brief stay before departing for their eastern home. They were enamored of Santa Ana and Dr. and Mrs. Whitson are anticipating their return to locate in this city.

After a pleasant visit with old friends in the vicinity of San Francisco Mr. and Mrs. J. S. Flucio, 1514 North Main street, reached home last night from a motor trip of many delightful features. They took the coast route to the northern city and drove home over the Ridge route where they encountered much snow and enjoyed the experience of driving through quantities of it.

Mr. and Mrs. Clarence Gustlin have returned from a pleasant trip to Hollywood where Mr. Gustlin addressed the members of the Opera Reading club on the opera "Martha" upon the occasion of their monthly luncheon held Saturday.

### The Emerald Isle Figures In Luncheon Given By Club Section

The spirit, atmosphere, customs and recreations of the "Old Country" prevailed yesterday in the attractive home of Mrs. George Balderston when Mrs. Balderston, Mrs. Charles Moore and Mrs. George Reyburn entertained the members of Travel Section No. 2 of Ebbl club at a truly Irish party.

At the bountiful and appetizing luncheon served at the noon hour the tables were decorated with symbols of Ireland and the same motif marked the afternoon program.

Rollcall proved that section members were familiar with the famous Irish wit and was followed by the program under the direction of Mrs. W. D. Baker. Mrs. Theo. A. Winbigger in her usual happy manner sang "My Sweet Irish Rose" while the bird-like voice of Mrs. Mit Phillips was heard in an Irish lullaby, Mrs. Otto Russell accompanying each singer.

Mrs. Elmer Burns read an Irish comedy portraying the superstition of the Celts and Mrs. Baker told a group of sparkling stories ere Mrs. Winbigger brought the afternoon to a close with the songs, "A Little Bit of Heaven" and "Where the River Shannon Flows."

Special guests at the affair were Mrs. John Clarkson and Mrs. J. W. McCormac, president and curator respectively of Ebbl society. Section members enjoying the hospitality of the trio of hostesses were Mesdames Otto Russell, Victor Montgomery, J. E. Gowen, C. E. French, J. W. Thompson, C. E. Lammie, C. F. Crose, A. L. Dearing, W. L. Dearing, Elmer Burns, W. D. Baker, Theodore Winbigger, W. Anderson, Miss Phillips, J. R. Medlock, Miss Mary Taylor and Miss Jeanette McFadden.

### Chapter A B—P. E. O.

Election of officers held the attention of members of Chapter A. B. P. E. O. at their recent meeting with Mrs. E. D. Summers and the following ticket was named: President, Mrs. T. B. Kelly, vice-president, Mrs. O. H. Egge, recording secretary, Mrs. M. D. Lacy; corresponding secretary, Mrs. W. J. Grubb; treasurer, Mrs. E. H. Rowland; chaplain, Mrs. W. H. Sutor; guard, Mrs. R. R. Miles.

Much interest attached to the invitation to participate in a luncheon to which all the P. E. O. clubs of Orange county will take part, Friday, March 9. The affair will be presented at the Elks club of Anaheim and local affiliated members planning to attend have been asked to notify Mrs. F. C. Rowland as soon as possible.

### Y. W. C. A.

Enlargement and development of the local Y. W. C. A. organization was the topic of conversation at the junior college here today.

Returning home from a three-day mid-winter conference at Pomona, fifteen of the members of college girls were busy relating their conference experience and spreading among the whole membership the inspiration they received at Pomona.

That the local association stands high in the scale of Y. W. C. A. standards, was proven at the conference as the different association delegates from all Southern California compared notes on the work being done in the various colleges.

Those who were official delegates from the Santa Ana association were:

The Misses Edith Plavan, Persana Delmink, Bernice Hayward, Wilma Plavan, Dorothy Dresser, Lillian Arthur, Leona Rabe, Regina Devault, Ruth Klalen, Madeline Clarkson, Velda Barnes, Frances Batty, and faculty representatives, Miss Mable Whiting, Mrs. Eleanor Thatcher and Miss Isabel Anderson.

### Daughters of Veterans

An unusually merry evening attended the pot-luck supper enjoyed last night at G. A. R. hall by the Sons and Daughters of Veterans and their families. Green and white decorations suggested St. Patrick's day. Following the delicious supper an entertaining program was given.

One of the principal features was a mock wedding in which Mrs. Helen Lurker as bride, made unusual promises to Mrs. Lois Lentz the bride-groom in the presence of Mrs. Brown, as minister. Wedding music was "Oh Promise Me" sung by Mrs. Harry Leipsic.

### Ebbl Club

Announcement that the Second Travelers of Ebbl would constitute the hostesses this week at the mid-day luncheon for business men and girls at the Woman's Exchange and Tea Room, aroused much interested comment today.

The luncheon will be a daily feature beginning tomorrow and different sections of Ebbl will take turn in acting as hostesses with their members serving in groups of three. Tomorrow Mrs. George Balderston of the Second Travelers will act as chairman of her little group.

Amid such surroundings, the delicious luncheon menus are expected to be an unqualified success according to the group of sponsors for the movement which will benefit the new Ebbl clubhouse. Serving will begin at 11:30 a. m.

### Young Couple Depart For Ventura After Morning Wedding

At a very charming wedding performed Sunday morning at 10:30 Miss Alene Downen, daughter of Mr. and Mrs. Turner Downen, 1012 Riverine street, became the bride of T. J. Simmons in the presence of the members of the family and a few friends.

The ceremony was read by the Rev. Otto S. Russell in the parsonage home of the minister. Miss Downen was attractively gowned in a smart tan suit of Pofret twill with hat to harmonize, and carried an arm cluster of bride's roses.

Immediately after the ceremony the entire party drove to Los Angeles, where a wedding breakfast was enjoyed ere the happy couple took their departure for Ventura, where they will establish their home, and where Mr. Simmons is connected with the Standard Oil company. He was recently transferred from this city, where he had been stationed for three years and where he made a lot of friends. A native of Mississippi, Mr. Simmons served for two years in the navy ere locating in California.

Mrs. Simmons as Miss Downen has been a resident of Santa Ana for the past two years having come here with her family from their former home in St. Louis, Mo.

Those witnessing the pretty nuptial ceremony were Mr. and Mrs. Turner Downen, Mr. and Mrs. Simmons sr., the Misses Irma Downen, Bessie Simmons and Savola Crawford and Messrs. Drake, W. O. Hill and V. J. Frye. In choosing the date of March 4 for their nuptials the young people paid a thoughtful compliment to the father of the bride, Mr. Turner Downen, whose birthday anniversary was thus celebrated.

ATTEND OLDTIMERS REUNION

WINONA, Minn., March 6.—Six hundred persons attended the annual reunion and banquet of the Winona County Old Settlers' association here.

Addressed were college graduates, H. L. Buck, former postmaster and president of the association, and the Rev. W. A. Lee, pastor of the First Congregational church.

### School to Present Series of Teas

On Thursday, March 8, teachers of Washington school with Miss Vanche Plumb as principal, will institute a series of afternoon teas which will aid in promoting sociability in the school district and among the patrons and friends of the school.

All of these friends and the mothers of children in the school are urged to join in making the teas successful by attending them. A very small sum will be asked to cover unavoidable expenses but otherwise the affairs will be purely social and many a friendly chat is expected to result. In order to avoid all formality and to make the affairs homelike, Miss Plumb announced that programs would be avoided together with business matters and that social chat would be offered as the chief attraction. The hours will be from 3:15 to 5 p. m.

### Altar Society

Mrs. George Lester and Mrs. Rose Morford will be hostesses to the members of the Altar society of St. Joseph's Catholic church meeting tomorrow afternoon at 2 o'clock at the home of Mrs. Lester, 1121 North Sycamore street. All women members of the church are extended a cordial invitation to be present and enjoy the social affair.

### Woman's Union

The Woman's Union of the Congregational church will hold its regular all-day meeting tomorrow. The forenoon session beginning at 10 o'clock will be devoted to business matters and work and all members are asked to bring thimbles. At noon a picnic luncheon will be served by Mesdames Tedford, Talcott, Sweet, Tiede and Travis.

For the missionary program, at 2 p. m. Mrs. J. A. Bond will have charge of the devotional service; Mrs. D. S. Modley will give a piano solo and Miss Lucy Royce will review the last three chapters of "Building With India," to be followed by a short drama illustrating life in India.

### Happily Planned Party Honors Birthdays Of Two Matrons

A cleverly arranged surprise greeted Mrs. L. W. Lauderbach last evening upon her return to her West Fifth street home following an afternoon spent with friends.

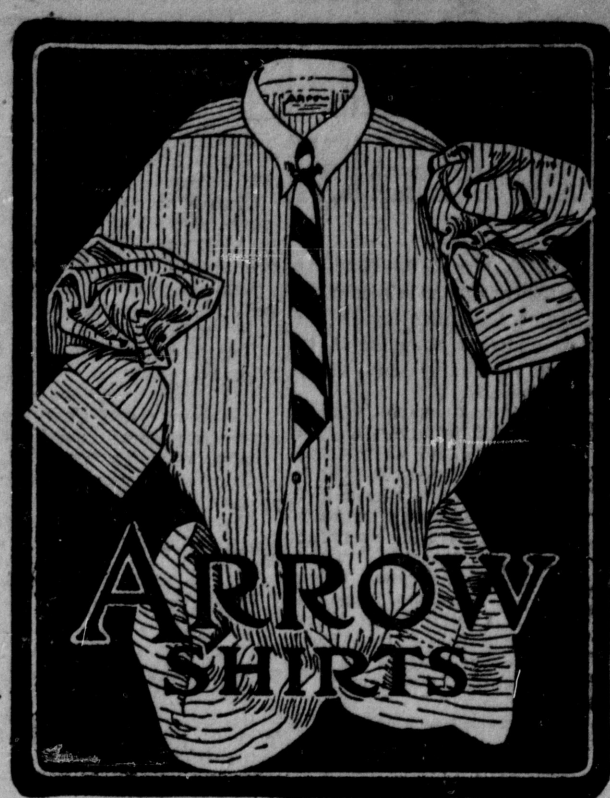

During her absence a group of guests assembled upon the invitation of her husband's mother, Mrs. L. B. Lauderbach, to enjoy a 6 o'clock dinner in celebration of the birthday anniversary of both Mrs. Lauderbach jr. and Mrs. Allan McDermott.

Mrs. McDermott had enjoyed the plans of the affair, little dreaming that she too, would be an honored guest. But with the return of the evening's hostess and the assembling of the merry group around the table to enjoy a deliciously prepared dinner, such was found to be the case and each of the two honorees received an interesting collection of gifts.

The table was attractively decorated with smilax and clover leaves suggesting the shamrock of Old Ireland. Attractive cards denoted places for Mrs. Lauderbach and Mrs. McDermott, Mrs. L. B. Lauderbach, Mrs. McDermott sr., Mrs. Matilda Warner and her daughter, Mrs. Luella Greene, Mrs. Bert Childs, Mrs. C. Kratzenburg, Mrs. Maria Gorton, Mrs. Archie Gorton, Miss Inez Cratzenburg and Miss Mildred Cratzenburg.

### Missionary Society

A full attendance of members and friends of the Missionary society of the First Presbyterian church is urged for tomorrow afternoon at 2:30 in the church parlors where an address will be given by Mrs. Weller, recently returned from a world tour during which she visited the principal missions established by the church. An unusually interesting afternoon is promised. Mrs. Weller, a celebrated traveler, took the trip entirely upon her own responsibility and actuated solely by her interest in such work.

## COUNCIL RUSHES ORNAMENTAL LIGHT PLANS

\$78 POST WINS  
APPROVAL OF  
TRUSTEES

With representatives of two firms manufacturing ornamental light posts presenting features of their respective lines to the city council last night, it was expected today that the board at its meeting next Monday evening would definitely decide the character of post it will use and instruct the city engineer to prepare plans and specifications for the systems to be installed on West Fourth street, from Ross to Artesia streets, and on Fifth street, west from French to Shelton streets.

Discussions last night indicated that marquette posts, with two light fixtures, would be selected. A. C. Black, who circulated the petition, declared that marquette standards were suggested when petitioners were asked to sign the petition. The posts will cost approximately \$78 each.

Andrews and Miller were granted permission to erect an electric sign at 413 West Fourth street.

Requests for five electric lights on Washington avenue, between Bristol and Artesia streets, and for one each at Ross and Nineteenth streets, and Greenleaf and Nineteenth street, were referred to the street commissioner.

A request from Frank Freeman for the removal of a tree in an alley between Palm and Fourth streets was referred to the street superintendent. Involved in the request is the point as to whether the cost of removal should be borne by the city. It is estimated that it will cost \$100 to remove the tree.

A check for \$3,890.54 was received from the Southern California Edison company as a franchise tax.

To Install Culvert. A statement made by City Engineer W. G. Knox, that the Southern Pacific company is preparing to install a culvert under its tracks at Seventeenth street was offered as an answer to complaint of property owners on the street that standing water east of the tracks

Plan to Build Church  
At Richland and  
Van Ness Avenues Hit

That property owners in the immediate vicinity of Richland and Van Ness avenues are opposed to the erection of a new church edifice on the northeast corner of the two streets by the Richland Avenue Methodist church, following presentation of a protest to the city council last night.

The present church building at Richland avenue and South Parton street is too small for the increased congregation and the congregation proposes erection of a \$75,000 edifice on the new site.

Roy Roepke represents the protestants and declared that twenty of twenty-two property owners in the immediate vicinity had signed the protest. As the church has not applied for a building permit, the council took no action, further than to instruct the building inspector to refer to the council application for the permit when it is made.

DELAY ACTION ON  
NAME CHANGE PLEA

Residents of Hickey street who have petitioned the council to change the name of the thoroughfare to Eighth street will have to show good and sufficient reason for the change, it was indicated at the meeting of the city body last evening.

When presented last week, the petition was referred to City Engineer W. G. Knox for checking. Reporting last night, he said that he had no way of determining the street frontage represented by the petitioners. He had found, however, that virtually every resident on the street had signed.

With one of the members of the board stating that the matter should be given careful consideration, the petition was referred to the committee of the whole.

SIGN GRAIN EXCHANGE  
CONTRACTS AT MEET

Contracts between growers and the five Southern counties grain exchange were drawn up at a meeting held at Riverside last Saturday. It was learned here today. According to a rider attached to the contract, it was understood, the exchange will not function unless a total of 15,000 tons is signed up as estimated by the acreage of the contracting growers.

The next meeting of the exchange was scheduled for Monday, March 19, at Riverside, where the headquarters of the organization has been established.

KLAN MEN ARE SECRETIVE. TOPEKA, Kas., March 6.—L. H. Kitchen, who claims to be an organizer for the Ku Klux Klan, refused to testify at the hearing of the state's ouster suit against the Klan. He declared that he was under oath not to divulge the names of the applicants to membership.

"The petition is in a safety deposit box and the members hold the keys," he declared.

DOG DRUNK; SENT TO JAIL. SIOUX CITY, Ia., March 6.—Sad of men and his tell drooping dejectedly, a dainty white poodle dog stood behind the bars in the city jail. "Oxy" was charged with intoxication by his mistress, Mrs. Eva Casey. "He gets drunk regularly," said Mrs. Casey. "I can't keep him sober, so I think he ought to be locked up."

was damaging their properties. Application was made by Thomas Ash, former building inspector, for appointment as a deputy inspector, with his duties confined to office work. The application was filed.

Ed C. Basney was given permission to erect a combination walk and pavement on Daisy street, through a subdivision he is preparing.

Ordinances were adopted calling the charter election for April 17 and the municipal election for April 9.

COUNCIL WARS  
ON LYON GRAB  
BILL PLAN

The city council of Santa Ana was on record today as opposed to Senate Bill No. 502, known as the Lyon bill, having last night adopted a resolution against it, after I. G. Lewis, representing the Welfare league of Riverside, submitted asserted objectionable features of the proposed legislation.

According to Lewis, the bill is the proposal of the Los Angeles Public Service commission and is designed to give that city the right to condemn for its own use certain water power rights.

Lewis said the proposed measure menaced all municipalities' rights to unused water sources.

BAD CHECK SUSPECT  
JAILED IN ARIZONA

H. E. Garrett, wanted by Orange county officials on bad check charges, was in custody at Phoenix, Ariz., today, according to word received by Sheriff Sam Jernigan.

Garrett had a widespread record in Orange county, according to Jernigan. He was apprehended by Phoenix officials, who have similar charges against him.

He will not be brought back until the Arizona cases have been disposed of, the sheriff said.

## GRADE SLIPS GIVEN.

Rejoicing and tears alike were featuring the close of today's sessions at the high school when the fateful grade slips for the past semester were being given out to students. The honor students were signing up for membership in the honor society. The list of the new honor members will be published in the near future, it was said.

In comparison with that of the other armies in the World War, the number of American unknown dead is small. About two per cent of American dead are "unknowns."

HICKEY STREET  
PAVING PLAN  
PRESENTED

Residents of Hickey street, between Bristol and King streets, indicated their intention to take a progressive step when they last night filed with the city council a petition to pave that thoroughfare between the two streets named.

They petitioned for a five-inch concrete pavement eighteen feet wide. The petition was referred to the city engineer for checking.

A petition was also filed for paving South Artesia street from First to Pine and Walnut streets, and Pine street from Artesia west to the end of the streets in Tract No. 407.

Paving Accepted. The paving work done on Riverline avenue from Sixth to Halesworth street, and on Eighteenth street from Main street to Broadway, was accepted, on recommendation of the street superintendent.

B. R. Ford, who did the work on Riverline avenue, announced his intention of making collections for the work today, in order to ascertain how many would desire to pay cash and how many would desire to let their property go to bonds for a period of ten years.

To Pave Spurgeon. Wells and Bressler were awarded the contract for paving Spurgeon street from Washington avenue to Seventeenth street, on their bid of 20 cents a square foot for five-inch concrete pavement and 40 cents a lineal foot for house sewers.

Bids for paving the east side of South Main street from Edinger street to the city limits, were rejected. T. W. Oglesby was low bidder, but he failed to attach his name to his offer. The clerk was instructed to readvertise for bids.

DEMAND 50-50 CONTRACT. GREELEY, Colo., March 6.—Beet growers from Colorado and Nebraska at a meeting here rejected a compromise proposal for contracts for this year's crop and asked a "50-50 contract."

### IMMIGRATION COMMISSION REPORTS

SACRAMENTO, March 6.—The ninth annual report of the commission of immigration and housing, recently handed Governor Richardson, gives a comprehensive survey of its activities during the nine years of its existence, as well as the work accomplished by its various departments during the first ten months of 1922.

Statistics for the period from January to November 1, 1922, show that the labor camp sanitation department, in enforcing the labor camp sanitation act, inspected 1710 labor camps, covering every industry, throughout the state, in which twenty-nine different nationalities, aggregating a total population of 79,626, were found living in these camps. Since 1914 the department has inspected 12,570 camps, in which 465,838 persons were housed. Through its efforts, labor camps have been made fit places for human habitation and its history for less than nine years has been a history of continuous progress and constructive accomplishment.

**Vicious Conditions**  
Assisted by efficient and intelligent co-operation on the part of local authorities, the commission's housing department has gone far in the elimination of vicious housing conditions existing in practically all of our cities. There still remains much to be done in this direction, but the results of past activities augur well for future efforts and the commission looks to the not far distant day, when California can point with pride to the housing conditions of her cities. To this end, a bill, resulting from the deliberations of housing experts, meeting in two institutes, called by the commission, has been introduced by Senator Inman at the present session of the legislature. This bill modifies the existing state housing laws, to meet conditions which have arisen since their enactment in 1917. Another advance in housing legislation is contemplated by the commission in a bill, now before the legislature, which calls for state assistance to home builders with small income.

The statistics of the complaint department, the real point of contact between the alien and the state, show that more than 35,000 immigrants have called upon it for assistance in settling difficulties of every nature. Of this number 3000 such petitions were heard and adjusted, from January 1 to November 1, 1922. Persons representing over fifty different nationalities have been aided by the complaint department during the past year and a conservative estimate of the amount of money saved the state in the cost of jury trials arising out of these troubles, would exceed \$25,000. This figure does not consider the cost saved the parties themselves which probably is beyond calculation. The commission is rapidly assuring the immigrant that he will receive the "square deal" he is entitled to and which, prior to the creation of the commission, he was not getting.

Until the commission came into

being, there was practically no state recognition given to the important and necessary activity of teaching of English to the foreign-born. Save in isolated instances, there was no acknowledgment that the state had the problem of the immigrant who could not speak English. Now the fact is universally recognized, the field surveyed and the state board of education has added to its activities a new and important one, the department of immigrant education. Practical experiments, progressive legislation and a tireless campaign to awaken public interest and enlist sentiment—all this on the part of the commission—made the move possible.

The 1920 census shows that approximately 50 per cent of the total population of the state is comprised of 805,000 foreign-born and 910,000 native-born, of foreign parentage. The report shows clearly, the handicaps of the immigrant, the necessity for the removal of these handicaps and the manner in which the commission is slowly but surely removing them, all to the end that the immigrant, potential citizen of today, may be the wideawake understanding citizen of tomorrow.

### BOLSHEVIKI IN RUSSIA WATCH RUHR MOVE

MOSCOW, March 6.—The Ruhr is exciting as much attention in Moscow as in Berlin. In the first place, the French are hated here more than any other nation, and because, in the second place, the Kremlin wants to convince the German workman that his sole friend is Russia.

England has only kept out of the Ruhr because she wishes to sell her coal to Germany. Stinnes is delighted at the French invasion since it will crush Communism in the Ruhr district. These are the assertions of the Bolsheviks are responsible for. The Kremlin wants to convince the German workman that (1) Stinnes and the English capitalists only want to plunder them, and (2) that the present bourgeois republic of Germany is only good for sitting on their head while they are being thus plundered.

"What good does your republic mean to you?" the Reds ask. "What good did you do yourselves by suppressing the Communist rising of 1919 and killing Carl Liebknecht and Rosa Luxemburg? You have had millions of marks squeezed out of you since then for the benefit of French and English bloodsuckers. Had you gone Red in 1919 this would not have happened for the whole squeezing machinery would have been destroyed."

**Is Weak Argument**  
The last part of this Bolshevik argument is rather weak, for if the Prussians had gone Red three years ago, the French would now be in occupation of Berlin; but if Stinnes should come to an understanding with the French and the German government folds its hands and does nothing, then the German workman may turn to

ward Moscow for help. His Socialist leanings and his patriotism will combine to make him endorse Moscow's panacea. The prescription of less extreme Socialists will have no weight with him, for they have all failed him.

The infuriated German workman of the Ruhr may well be excused for concluding, in his madness, that there he has only got one true friend—Moscow. And Moscow is doing its best to confirm him in this belief. It has been holding fiery indignation meetings in the streets, and in the factories and in the House of the Unions, and doubtless many more such meetings will be held. At a meeting in the Mokhovaya outside the headquarters of the Communist International, though the snow was falling and the temperature was several degrees below freezing point, a large crowd was assembled, and there were among them red flags and blazing torches. A bare-headed German Communist addressed them in Russian—which he spoke with a strong Teutonic accent—from the stone balcony of the International building. Behind him stood other Germans. Still other Germans addressed great meetings from the same platform as French Communists who denounced the greed of M. Poincare with an energy which not even a Prussian orator could improve upon.

The Bolshevik calculation here is that all this will tend to make the German workman Communist and will prevent the German troops from opposing their own Bolsheviks when they attempt in the near future to carry out a revolution.

**Indignation Manufactured**  
The Moscow demonstrations so far have not been voluntary and irrepressible ebullitions of public indignation. All the meetings and torchlight processions have been manufactured. The members of the League of Youth, the students of the Sverdlov University and the "students" of the institute for "the Toiling Masses of the East," as well as a number of organizations composed of adult Communists working in factories, get orders to march somewhere with bands and banners, and occasionally they do not know until they reach the spot what it is all about or whether they are expected to be indignant or triumphant, whether they will be called upon to cheer some foreign people as "red" or denounce them as "yellow." Of the intricacies of the Ruhr question they know nothing, and even after listening to a good many speeches on that question during the last few days the impression of the average Moscow Communist is that the French "imperialists" have suddenly seized the Ruhr for no other reason than because they want to add Germany's coal fields to the iron mines which they have already wrested from her.

But the Bolshevik leaders know very well, of course, all the ins and outs of the question; and with their fixed belief in the materialistic interpretation of history they are convinced that France means to stay permanently in the Ruhr. Bukharin has pointed out that M. Poincare wishes to add three-fourths of Germany's coal reserves to the three-fourths of Germany's iron reserves which the Versailles Treaty gave to France, because, by doing so,

Veterans' Show at Yost  
Theater March 22, 23**

"Dad" is going to come into his own.

Members of Santa Ana Post No. 131, American Legion, have decreed it.

Furthermore, they have promulgated a ukase to the effect that those of the veterans who have a hankering to besmear their faces with burnt cork and to try to make Lew Dockstader, Al Jolson, et al, turn green with envy, shall have their day in court, so to speak.

"Dad" will have his innings at the American Legion home here next Thursday night.

On the nights of March 22 and 23 the local veterans' post will stage a real, oldtime minstrel show at the Yost theater.

Thursday night there will be songs for "Dad" music for "Dad" good "eats" for "Dad," and many other features planned by members of Santa Ana Post No. 131.

"This is going to be 'fathers' night," is the word that has gone out, "and it is desired that every former service man in the county come and bring his 'Dad'."

"And if you have no 'Dad' of your own, do the next best thing, and kidnap some other fellow's 'Dad.' The men are going to cook the 'feed.' That ought to be sufficient to pack the house."

Members of the entertainment committee today promised a number of surprises. These will include selections by the Legion Quartette of Orange, saxophone solos by local artists, individual song numbers and toe dances.

In addition, it was hoped that Monte Hughes, commander of Camp Kearny, and Buron Fitts, former state commander of the American Legion, will be present to deliver brief addresses.

Hughes, it was explained, will come here to express, on behalf of the patients at the San Diego hospital, appreciation of the interest that Orange county veterans are taking in the former service men now in that institution.

Members of the city council, City Marshal Claude Rogers, Sheriff Sam Jernigan and other city and county officials have been invited to attend. Several hundred guests are expected.

Fifty in Minstrel

Fifty fifty members of the Post are scheduled to take prominent parts in the fun at the minstrel show.

Donald Hopkins and Wayne Stewart are billed to serve as end-men. It is promised that sixteen solo numbers and several Orpheum specialties will be introduced during the two performances. Active preparations are under way.

According to Donald Hopkins, who directed last year's show, the

**GRANDDAUGHTER OF

Muriel McCormick and (Insert) Her Home.

By Roy Gibbons

CHICAGO, March 6.—Into the front entrance of an unpretentious apartment house reeking with the smell of fried potatoes and up three flights of stairs I went and entered a compact four-rooms-and-kitchenette suite.

There to receive me was Muriel McCormick, granddaughter of John D. Rockefeller, richest man in the world, and daughter of Harold F. McCormick, Chicago Harvester multimillionaire.

Muriel's been living there five months—since she fled from the Gold Coast home of her mother to escape "an artificial life" and started her hat shop across the way.

I had called to see how the heiress was getting along in her new surroundings.

"I'm happy," said Muriel, looking out of her side window from which she can see the back doors of her former Gold Coast home. "There's really nothing to sentimentalize about."

"I've been pampered and petted all my life. That's why I came here—to get away from it. This being on your own is the only way to live. It's American and independent."

"I derive all my living, you know, from my store."

"You sell—er—dresses?" I inquired.

"No," said Muriel emphatically. "I sell gowns—and hats. I design them, too. It keeps me busy, gives me something worth while to think about and yields me a comfortable living."

"Before, I was cooped up in the big house. Servants were everywhere, bowing and bowing again."

"I tired of that, as any American girl would. I came here to escape people who bore me—servants especially."

"I'd much rather run my little hat shop than sit all afternoon and play bridge. That's stupid."

**LOCAL 'Y' WILL  
OFFER COURSE  
FOR LEADERS****First Session to Be Held  
At Presbyterian Church  
Friday Night**

Requests for trained leaders for boys has induced the Santa Ana Y. M. C. A. to open a six-weeks' course of intensive training for leaders and prospective leaders of the younger generation, according to an announcement issued today by T. P. McKee and R. C. Smedley, secretaries.

The first session, their announcement said, will be held at the First Presbyterian church, Friday evening, March 9, at 7:30 o'clock.

Programmed for that evening is an address by the Rev. D. A. Eddy of Covina on boys' work in the church.

Held Meet Each Week

"This opening session," comments the announcement, "will be of a popular sort, and should be attended by all men who are interested in boys' work. A program of great worth will be presented."

There will be five other sessions, one each week for five weeks, in which, the course will be given. Each session will be divided into two parts.

"The first part will be devoted to the presentation and discussion of topics which may be classed as theoretical, dealing with the principles underlying the work."

"The second part of the session will be given to practical demonstrations of group work, such as organization, Bible teaching, tests and awards, games, stunts, and other activities."

Local Men to Speak

"Local speakers and outstanding leaders from other communities will present the work."

"Men who are engaged in leading or teaching, and men who may become leaders of teachers, should enroll for the work."

"The course is offered free of charge to all the men who will enroll and endeavor to carry through. The Y. M. C. A. will engage to meet the necessary expenses."

"We hope that at least fifty young men may be found who will enter on this course, and we trust that you may be able to enter a number of those from your own school," concludes the announcement in direct address to schools and churches.

**SHAPE COMMUNITY  
SERVICE PROJECT**

Community Service in Santa Ana took definite shape today at a luncheon held at St. Ann's Inn, where more than fifty business men and clubwomen of the city gathered to hear the report of the nominating committee for officers of the new organization.

Dr. Elliott H. Rowland presided. M. B. Wellington, Mrs. John Clarkson and Walter S. Spicer composed the nominating committee. Their report named C. S. Crookshank for president; Russell Miller, first vice-president; Mrs. S. M. Davis, second vice-president; Mrs. R. G. Thull, secretary, and Howard Timmons, treasurer.

**COUNTY FINGER  
PRINT BUREAU  
NOW SIXTH**

Indicating a gain of 100 per cent in the amount of business transacted in the Orange county bureau of identification, a report from the state bureau of identification was on file in the office of Finger Print Expert Herman Zabel here today.

Among other things, the report showed that the bureau here was sixth among all those of the state. Los Angeles was first, with more than 2,000 reports and classifications submitted to the state bureau.

During the fiscal year 1920-21, the Orange county office sent 383 records of criminals imprisoned in the jail here for classification and comparison with the state records. During 1921-22, the figure was 713, showing that business had been virtually doubled.

Riverside, a county larger than Orange county, submitted 102 in 1920-21, and only 134 during the past fiscal year.

Bakersfield showed a total of 427 during '20-21, and 386 during 1921-22.

Indicating that the record of last year would be broken this year, Zabel announced that with four months left in this year, the total had already reached 600.

**GIANT SUCCESS  
SEEN FOR NEW  
BOOST CLUB****Greater S. A. Organization  
Plans Being Rushed to  
Completion**

With members of the executive committee declaring that the organization of the Greater Santa Ana club protends one of the greatest movements ever organized for advancing Santa Ana, and expressions of belief that no attempt should be made to secure pledges until Santa Anans thoroughly understand the proposition, plans for asking for pledges at the community dinner to be held at St. Ann's Inn Friday at 6:30 p. m., have been changed, it was announced today.

No attempt will be made to obtain pledges at the dinner, and the program will be devoted to explanation of the program and to discussion of possible results from the advertising campaign proposed in Los Angeles papers.

In the development of the fund it is proposed to apportion amounts to the various lines of business endeavor. At a meeting of the executive committee yesterday at James' cafe, President Everett A. White was authorized to appoint a committee to make the apportionment. The president also was authorized to appoint a committee on constitution and by-laws.

Committee Unanimous.

Discussions developed that the committee is unanimous in the opinion that the fund should be raised and that a drive for money should be organized after the dinner meeting.

Various speakers pointed out that thousands of tourists are coming to Los Angeles almost the year round, and that advertisements that will direct attention to Santa Ana of people who are already in Southern California is more valuable than advertising among Eastern people.

In comparison with other communities that are reaping results with similar campaigns, it was pointed out, Santa Ana has many advantages for home-seekers that are superior to those of other communities.

Sees Tourist Army.

"It is estimated that half a million tourists will come to Los Angeles this year," said A. B. Rouselle, real estate subdivider. "We can get our proportion of the home-seekers if we can get before them facts pertaining to this community."

"As a new citizen, this community appeals to me as the best in Southern California," commented J. K. Harmon, president of the California National bank. "We can invite a stranger to come here and we can offer him an opportunity to make money and at the same time we can surround him with all the fine environments that go to make for happiness. The recreational facilities are limitless."

"There is no better way to get in contact with people who are in Los Angeles looking for homes than through advertising in publications," said J. P. Baumgartner, editor of The Register.

"If the proper kind of copy is produced and the proper mediums are selected we will get results. We have in the community the home conditions that thousands of tourists are looking for."

Women Support Plan.

"Women of the Ebbl club will support the men in their effort to build a greater Santa Ana," declared Mrs. W. B. Tedford, delegate to the committee from the Ebbl club.

"We should advertise to tourists and not for them," declared O. H. Barr, president of the Barr Lumber company.

"If you have something to sell, you must let people know it," was the comment of J. C. Metzger, secretary of the Chamber of Commerce.

"If we increase the population, property values increase, therefore every property owner should be a contributor to the fund. He should be deeply interested in the movement."

Freeman H. Bloodgood, statistician of the Santa Ana Realty board.

"We should advertise Santa Ana as the ideal location for factories. We have such advantages to offer here that I believe once they are known we will have an influx of tourists that will surprise even the most optimistic of the promoters of the Greater Santa Ana club plan."

**H. S. AND COLLEGE  
PARENTS, TEACHERS  
TO MEET THURSDAY**

High school and junior college parents and teachers will hold what was termed an important meeting Thursday in the high school music room, it was announced today.

A special meeting of parents only has been called for 3:10 p. m. of that day, to be followed by a meeting of the high school auxiliary of the Parent-Teacher association at 3:30 p. m.

Mothers of senior girls and boys and parents of the students who come from the outlying districts were specially urged to attend, as it was said, matters of much importance to these parents are to be brought up.

The program will be directed by Mrs. Sallie Powell, newly-elected president of the association.

**LAY PLANS FOR  
COMMUNITY  
SERVICE**

HOLLYWOOD, Cal., Mar. 6.—"A story that will astound the movie fans of America will be unfolded if I start counter-suit for divorce."

That is what Allen Burton Hawley said when he was told that his beautiful movie star wife, Wanda Hawley, had sued him for divorce, alleging non-support.

When newspapermen pressed him for an explanation of his statement, Hawley remained non-committal.

The domestic difficulties of the Hawleys came as a shock to many of the movie colony here.

It was believed that their romance, which began before Wanda ascended to stardom in the film world, was a happy one.

Santa Ana's work in Community Service would deal largely in providing playgrounds for young children, and the promotion of a community center for the city's foreign population, particularly the Mexican colony, it was said.

Charles M. Anderson, organizer from Community Service headquarters, will tell the board of directors of the manner in which the national organization would work here.

Community Service has been endowed by various national institutions and wealthy philanthropists, it was reported.

Santa Ana's interest in the work was evident immediately upon the appearance of the organizer in the city, according to the committees that have worked with Anderson.

Officers elected at yesterday's luncheon meeting included C. S. Crookshank, president; R. R. Miller, first vice-president; Mrs. S. M. Davis, second vice-president; Mrs. R. G. Thull, secretary; and Howard Timmons, treasurer.

On the board of directors were A. N. Zerman, Miss Mable McFadden, Mrs. W. L. Deimling, Dr. V. A. Rossiter, Charles Mitchell, L. G. Swales, George Wells, Mrs. J. N. Bartholomew, M. B. Wellington, Harry Hansen, Maurice Enderle, William J. Sackman, Mrs. Clyde Whitney, Ed McFadden, Dr. Elliott Rowland, Clarence Gustlin, Ernest C. Phillips, the Rev. Perry F. Schrock, Miss Jennie Lasby, Stanley M. Reinhaus.

On the nominating committee were Mrs. John Clarkson, M. B. Wellington and Walter Spicer.

**ESPEE EXCURSION  
TO EAST OFFERED**

The Southern Pacific company is arranging a special excursion party to depart from Los Angeles April 8 for a tour to New York by way of New Orleans, L. B. Valla, district freight and passenger agent here for the company, announced today. To be known as the "Momus Special," the train will be personally conducted through New Orleans to connect with the steamship Momus for New York.

The All-Year Club, Los Angeles, is arranging for a special party to "Intrac" Eastern territory to invite residents of the East to come to California this summer, Valla said.

The tour will take travellers through Arizona, New Mexico, Texas and then through the country made famous by the story of "Evangeline." The water trip will be made down the Mississippi river, thence across the Gulf of Mexico passing close to Key West and following the Gulf stream north to New York, where the party will break up, members returning at their pleasure and over whatever route they may choose.

Valla said that local persons desiring to join the party might make reservations at the local office of the company.

MAKING OF  
DRESSES****Interest Keener Than Ever  
Before, Is Declaration  
of Principal****QUALITY IMPROVES****More Garments, at Distinct  
Saving, Possible, Is  
Realized**

Paul Poirot has better look to his laurels.

Girls at the high school here are joining wholeheartedly in the country-wide revival of interest in the fascinating art of dress-making, it was learned today.

D. K. Hammond, principal of the high school, stated that whereas the number of girls who are taking the sewing course there this year is not as great as it was two or three years ago, cooking having superseded sewing to a certain extent in popularity, at the same time the quality of the garments made is not only better than it ever was, but is getting better steadily.

Hammond's statement was considered of interest, taken in connection with information received here from Chicago, stating that the superintendent of the public schools there announced that in the past two or three years, attendance at the sewing classes in the Windy City has easily doubled. In one or two buildings there are as many as four times the number formerly enrolled in this department, the Chicago chief said.

Interest at High Pitch

"Sewing in the Chicago high schools is elective, yet last year alone the girls in the dressmaking and other sewing classes of the graded schools and high schools combined, made 27,475 dresses, 29,723 other garments, and 54,433 miscellaneous articles, or a total of nearly 112,000 separate pieces."

"While the nation-wide revival interest in this subject is due, doubtless," Hammond commented, "in the first place to the desire to take advantage of the material savings afforded, its continuance and enthusiastic increase is even more deeply rooted."

"One of the greatest blessings which remain to us from the World War is the interest women everywhere take in working with their hands. When the endless needlework was no longer required by our boys in the trenches it was turned into other channels. And it did not take a vast army of women long to realize the added pleasure to be had in wearing garments that are thoroughly individual."

More Frocks Available

"Then take into consideration the fact that these women also discovered that by making their own pretty frocks they could have far more of them, even at a distinct saving on the total cost, and it is not to be wondered at that their daughters in our public schools began flocking into the sewing classes which open up such wide opportunities."

"We have six classes in sewing."

Doctors call Shredded Wheat "a well-balanced ration," because it supplies every food element the human body needs—and in the right proportion.

Shredded Wheat supplies the protein to build muscle, bone and brain—with just enough carbohydrates to supply heat energy and healthy tissue—and just enough bran to keep the bowels healthy and active.

For a satisfying meal at a slight cost, eat Shredded Wheat.

Shredded Wheat is 100% whole wheat, ready-cooked and ready-to-eat. A perfect, delicious food for any meal of the day. Serve it simply with milk or cream, or topped with berries or fruits. Contains all the bran you need to stimulate bowel movement. It is salt-free and unsweetened—you season it to your taste.

Triscuit is the Shredded Wheat Cracker—a real whole-wheat toast. Try it with butter, soft cheese or marmalades.

# Don't use the whip on tired nerves — it means trouble

When the day's work is hard, you can't make it easier with stimulants.

Ask any doctor for the facts.

You can't over-draw energy without paying.

Coffee contains the nerve-stimulating drug, caffeine. When coffee is used to overcome fatigue, it means whipping the tired nerves into a run.

You may seem to get added strength—but there's a settlement coming for an over-drawn account.

Take care!

Rest is the cure for fatigue. Health is the equipment for hard tasks.

Rest and health are interfered with when nerves are over-stimulated.

You've seen plenty of proof. How many people do you know who say, "I have to go slow on coffee; it keeps me awake nights?"

How is it in your own case? Have you counted restless night hours after the evening cup of coffee?

Treat your health sensibly that you may meet your task capably.

Don't try to draw strength from over-driven nerves. That way lies weakness. Don't increase over-work by using stimulants. You are merely postponing and increasing the penalties.

Be fair to yourself!

For a hot, comforting beverage, drink Postum and let nerves have their natural rest.

There's charm without harm in Postum—a delightful, satisfying cereal beverage; rich, seal-brown in color, delicious in flavor and aroma, and containing nothing that can irritate nerves or disturb health. Postum is safe and enjoyable for every member of the family.

Thousands who formerly used coffee or tea, and began to pay the penalties of nerve-stimulation, now use Postum and praise its comforting goodness.

The road to health is a good road for anybody to follow.

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

## RE-DEDICATION OF ANCIENT CHURCH PLAN FOR APRIL 1

It is with the hope that Father Serra's ancient church, the oldest in California, will be ready for re-dedication on Easter, April 1, that the Rev. St. John O'Sullivan and those who are working under his direction are putting forth their efforts within the adobe walls of the Franciscan mission at San Juan Capistrano.

With building materials moved from the patio and placed in rebuilt walls, with the worn-out altar taken from its temporary shelter and placed within the old church, the patio and the corridors again are assuming their charm and quietude.

Work For Months.  
For weeks and months workmen have been at work on the project. First came the clearing away of heaps of broken tile and brick and adobe where the hand of ruin had dropped them. Then came the location of the graves of Padre Vicente Fuster, pioneer among the padres, Jose Barona, who served the mission in the 20s, Vicente Oliva, the last of the Franciscans, who died in 1848, and the grave of Mrs. Soledad Yorba de Avila, who

was buried in the mission in 1867. The bodies of these four remain beneath the altar of the rebuilt church.

A concrete foundation was put in, and then came the building of an adobe wall upon the very lines upon which stood the ancient walls of the long-used mission church.

Rafters Replaced.  
The great rafters were replaced, the red tiles covered the roof. The portion re-built at the north end was joined to the portion that has remained standing throughout the century and a half since Father Junipero Serra, founder of the missions, held mass within its walls.

Throughout the work, Father O'Sullivan has endeavored to build toward permanency, and at the same time to keep to the kind of construction used in the original building.

Visitors at the mission these days are profuse in their praise and appreciation of the beautiful garden. The entire yard in front of the mission has been laid off in plots and sidewalks, and each plot is a mass of bloom.

two performances this year will far outshine anything of the kind ever attempted by the Legion here.

Hopkins, who has had "big time" experience, enjoys the friendship of a number of headliners now on the Orpheum circuit. According to Legion officers here, several of these stars, including song and dance teams, have been secured by Hopkins and will contribute their services to the second part of the show. The first part will be devoted to the minstrel numbers of the Legion performers.

"Rehearsals are now on in full blast," said Maurice Pinderle, ex-commander of the local post, "and indications are that Legion actors will present a show of the highest merit. Last year we had about seven or eight solo numbers. This year we will have about sixteen solo numbers and some high class contributions by Orpheum and other 'big time' stars."

## EX-SANTA ANA IS VICTIM IN RY. HOLD-UP

Calvin Jackson, former resident of this city, and brother of Mont Jackson, of the first department of Fullerton, today was describing to friends the sensation incident to being held up by train robbers. Jackson was conductor on a Southern Pacific freight train that was boarded near Glendale last night by two youthful highwaymen.

The bandits shot and seriously wounded John J. Healey, Reno stockman. Jackson and Brakenen, George W. Foley, secreted their watches, but were not so successful with the cash they carried in their pockets. The hold-up men got this. Neither of the trainmen was hurt. Jackson was not struck over the head by one of the bandits, reports in a Los Angeles morning paper today to the contrary notwithstanding.

## BAPTISTS VICTORS IN Y LEAGUE GAME

The basketball team of the First Baptist church defeated the casaba flingers of the South Methodist church last night 15 to 4 in a scheduled game of the Santa Ana Y. M. C. A. Inter-Church league. The fray was played on the local 'Y' courts.

The lineup:

Echols F L. Pearsons  
Bowe F C. Pearsons  
Wood C Price  
Taylor G Mahaffey  
Lockett G Waldon  
Clark, Morrison, Cochems and Harding were used as substitutes by the South Methodists. The only other scheduled game, that between the Christians and the First Methodists, were defaulted to the Methodists.

INDIANAPOLIS, Ind., March 6.—The famous Indianapolis speedway races will be held on Memorial Day—the usual date. RESTORES MEMORY  
COUNCIL BLUFFS, Ia., March 6.—Carl Goodnow, 16-year-old son of Mr. and Mrs. Fred T. Goodnow

of South Braintree, Mass., will soon be hurrying home to join his mother, following a remarkable operation, surgeons said, on his brain, at a local hospital in which Dr. Harry D. Kelly, lifted a small bone which, unbeknown to anybody, had pressed on the boy's brain for more than two years. The operation, physicians said, removed the cause of the boy's loss of memory and periodical fits of insanity. It was during one of his spells, Young Goodnow declared, that he left home. He wandered about in eighteen states.

Of the 2,126,670 officers and men of the United States army examined for discharge up to January 1, 1920, only 600,000 veterans will be available in 1925 for Class No. 1 service. By 1930, only 425,000 will again be ready to enter the service for war.

### Wonderful Lessons in the Bible's English for Writers and Speakers

Shakespeare was master of nearly twenty thousand words. Milton of about thirteen thousand. But the whole King James Version of the Bible contains not over six thousand words; not a half of Milton's, not a third of Shakespeare's vocabulary.

Short words are always strong words; they explode like bullets. Do you know that the average word in the English Bible, including even the proper names, is composed of less than five letters? Leave out the proper names and the average word wouldn't have even four letters. In the beloved 23rd Psalm there are 119 words; 95 are words of one syllable. In

the Sermon on the Mount more than 80 per cent are words of one syllable. In the Ten Commandments, on which are based all the laws of all the world, there are 319 words; 259 are words of one syllable; and only 60 of two and more syllables. In Lincoln's Address at Gettysburg, perhaps the greatest in the world, there are 266 words. Of these, 194 words are of one syllable; 53 of two syllables; and only 19 of three or more syllables.

There is food for thought in these figures. What an improvement in our writers and speakers, if, like Lincoln, they would only give study to the English of the Bible.

**HAVE COLOR IN CHEEKS**  
Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lacy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels just like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.—Adv.

## INFLUENZA ATTACKS TEN IN ONE FAMILY

TUSTIN, March 6.—Many people in Tustin have recently been affected with the "flu." Ten members of the Roy Runnels family are confined with the "flu." Three members of the Liggett family are similarly afflicted. Mrs. W. L. Shatto is also confined to her bed. Mrs. Charles Greenwood is recovering from a recent attack.

## OBITUARY

**PHILIP S. HUFFMAN**  
Philip S. Huffman was born December 19, 1848, at Hillsville, Va. He moved with his parents to Indiana when a child. From there the family moved to Pike county, Ill., when Philip was a young man. There he met and married Miss Nancy Hall who survives him. There were no children. Mr. and Mrs. Huffman have been residents of Santa Ana about twenty-two years and members of the Christian church for about twenty-five years.

Mr. Huffman died at Huntington Beach, February 20, 1923. January 29 was their fiftieth wedding anniversary.

Mr. Huffman was moved to the beach when his wife became ill and had to be taken to a hospital. She had been hands and feet to him for years as he was a helpless cripple from rheumatism.

It seems a pity that those last few days might not be spent together in the home so dear to both, but there will be a glad reunion some day when pain, weakness and disappointment are unknown.

A Tribute  
The little gray cot in the twilight,  
Huddled close 'neath the trees' leafless arms,  
Unkept and silent and dreary,  
Stands bereft of its long cherished charms.

No light from the window gives welcome;  
Not a spark from its hearth drives the chill;  
No voice breaks the questioning silence;  
Tireless hands from their labors are still.

The little gray cot is remembering  
How a little gray man in his chair,  
Warped and twisted by pain's cruel fingers,  
Yet had smiled away fear and despair.

And Love, hands and feet glad had given  
To the little gray man in his chair;  
The birds had kept singing and blossoms kept springing  
For him, in his little wheel chair.

But many and hard were the burdens,  
And so tired grew the hands and the feet,  
That Love lost its heart and the cottage its soul.  
But somewhere, again they will meet.

The little gray cot in the twilight,  
Huddled close 'neath the trees' leafless arms,  
Unkept and silent and dreary,  
Stands bereft of its long treasured charms.

—MRS. F. T. PORTER.

## MYSTERIOUS NOISE BOTHERS RADIOS AT TUSTIN IN EVENING

BY CHARLES CRAWFORD

TUSTIN, March 6.—Many of the radio fans in Tustin, and there are many of them, for the radio bug has scored almost one hundred per cent in Tustin, have recently been annoyed and bothered by a mysterious buzzing. The buzzing starts up at various times in the evening and is steady after once starting.

As the complaint has come from the section west of D street it is thought that the source is somewhere in the community. The theory has been advanced that the sound may be caused by a battery charger being run in connection with the outfit.

Several new outfits have been built and installed by O. A. Leiby during the last week, most of them being crystal sets.

Why don't we form a radio club? Co-operation in radio should work as well as in anything else and perhaps such sources as the buzzing could be located and eliminated.

## TUSTIN STUDENTS TO RUSH PAYMENTS

TUSTIN, March 6.—Principal J. W. Means of the high school has promised the high school that if all subscriptions to the high school annual are paid up by Wednesday evening the school shall take the proceeds from the next two motion picture entertainments. The students are making a strenuous effort to collect the money.

WINTERSBURG AND SMELTZER, March 5.—Mr. and Mrs. Everett Stockton spent Sunday at Costa Mesa where they were guests of Mrs. Stockton's brother, Joseph Friend and wife.

Mrs. Wash Dille has been quite ill at her home with the measles and is being attended by her mother-in-law, Mrs. John Dille. Tracy Dille is staying with his grandfather Dille for the present.

Mr. and Mrs. Clinton Brush and daughter Edith motored to Huntington Beach Sunday afternoon and brought to their home Mrs. Brush's parents and brother, Mr. and Mrs. B. H. Pierce and A. H. Pierce. A pleasant little dinner party resulted that evening, celebrating the ninth wedding anniversary of Mr. and Mrs. Brush and later the Brushes and their guests drove in to Santa Ana where they attended Yost's theater.

Mrs. Fred Brush has been ill this week but was up on Friday it was learned.

## TUSTIN PEOPLE GO TO NORTH FOR VISIT

TUSTIN, March 6.—Mr. and Mrs. T. J. McCarter and son, Albert McCarter, and his wife, left Monday for a motor trip to Fresno and Stockton.

They will visit T. J. McCarter's son and his wife, Mr. and Mrs. L. L. McCarter, in Fresno for some time before going on to the home of his daughter, Mrs. May Binkley, of Stockton. They intend to be away about two months. Mr. McCarter recently disposed of his property on Camille street in Santa Ana where he has been residing and upon his return from the trip will take up his residence in Tustin.

## HIGH PRAISE GIVEN TO BIBLE EDITION

The appreciation which has been expressed by those who have already secured their Red Letter Edition by the coupon Bible offer, is most gratifying to this paper. It was expected that a desire to acquire such a remarkable volume would be voiced by many, but it was not expected that such an overwhelming number would take advantage of the opportunity so quickly. The consensus of opinion seems to indicate that it was a real inspiration to have Christ's spoken words put in red type, making its identification local paper.

The high praise which has come to the paper for the manner of distribution is most pleasing also. The only regret is that it cannot go on indefinitely. The number of Bibles is decreasing so much more rapidly than was supposed possible that it is feared everybody cannot be supplied. No coupon gift can be recalled that has seemed to fill so great a want. It is therefore urged that those not already possessing this Bible secure the three necessary coupons at once.

The time was spent in gathering wild flowers and exploring the various caves. Mrs. Charles Grisette acted as hostess. Those who participated were: Ruth Hannaford, Edith Johnson, Louise Artz, Alice McDougall, Ruth Tantlinger, Marjorie Crawford, Anna Louise Hurtado, Alice Prather, Louise Grisette, Merle Carson, Alma Condra, Miss Wray, Mrs. Charles Grisette and Dorothy Grisette.

## SCHOOL GIRLS VISIT RED HILL ON FRIDAY

TUSTIN, March 6.—A party of eighth grade girls motored to Red Hill Friday afternoon.

The time was spent in gathering wild flowers and exploring the various caves. Mrs. Charles Grisette acted as hostess. Those who participated were: Ruth Hannaford, Edith Johnson, Louise Artz, Alice McDougall, Ruth Tantlinger, Marjorie Crawford, Anna Louise Hurtado, Alice Prather, Louise Grisette, Merle Carson, Alma Condra, Miss Wray, Mrs. Charles Grisette and Dorothy Grisette.

## WESTMINSTER

WESTMINSTER, March 6.—Real estate seems to be changing owners here quite rapidly, according to reports. About nine acres owned by W. B. McCoy east of the school house, on the boulevard, is being subdivided into lots by Thomas Hosack and Fred C. Perigo, realtors. A fine young orange grove occupies the greater part of the tract.

It is reported that the place, known as the Smithing place, now owned by Leslie Penhall, is to be subdivided into lots.

Charles Stone is said to have sold his place to I. W. Bould of Huntington Beach. The sale includes the dairy and farm implements.

Mr. and Mrs. Rumbold spent Friday at El Toro visiting his mother, Mrs. Hemenway.

## HUNTINGTON BEACH

HUNTINGTON BEACH, March 6.—A large number of the fifty-one members of the Woman's Relief corps met at the home of Mrs. Agnes Galliene, 614 Eleventh street, Thursday afternoon. Very favorable reports on the entertainment presented to a crowded club house Tuesday evening were made.

A section of officers of the W. C. T. U. will be held in the parlors of the Methodist Church at the regular meeting Wednesday afternoon. Plans for the membership drive now on, will be discussed.

Approximately thirty-five women attended the combined missionary and social luncheon held in the lecture room of the Christian Church Friday noon. The mission study class, under the leadership of Miss Elsie Hunt, is studying "Building With India" by Daniel John Fleming. Following the luncheon a program was given in which the main feature was an informal talk by Rev. J. G. Hurst, local pastor.

The regular "First Friday in the month meeting" of the American Legion was postponed last evening, because of inability to secure the I. O. O. F. Hall, to next week Friday when the "raising of the debt" proposition will be introduced.

Mr. and Mrs. Joseph Anderson have moved their family from here to Santa Ana where they are building a home. Mr. Anderson has gone into business under the title of "Anderson and Hinton Tire Accessories" on Third street, Santa Ana.

A birthday dinner in honor of Miss Ruth Vincent, 1022 W. Bishop avenue, Santa Ana, will be the scene for a lively frolic of twenty-five guests, mostly from the beach. Many friends of Miss Josephine Vincent, who is an eighth grade student at the Grammar School, have been invited.

Mr. and Mrs. J. W. McCurston of San Francisco are visiting Mrs. McCurston's parents, Mr. and Mrs. Alexander Osterhaus, 19th and Walnut streets. Mrs. McCurston was formerly Miss Marie Osterhaus.

## ANNUAL W. C. T. U. MEETING

## NEW SUB-DIVISION FOR WINTERSBURG

WINTERSBURG & SMELTZER, March 6.—Marking the beginning of the fifth sub-division in the Wintersburg district this year, the sale of ten acres at \$1000 an acre was announced by W. P. Vanduff to A. M. O'Brien. The location of the property is a quarter of a mile south of the Oceanview school on the Huntington Beach boulevard.

## COLDS ARE CONTAGIOUS

Coughs and colds are contagious and require prompt treatment as they spread or develop into flu and grippe. Take no chances when you can get Foley's Honey and Tar for a few cents and quickly check coughs and colds. The constantly increasing demand for Foley's Honey and Tar, for three generations has made it the largest selling cough medicine in the world. Contains no opiates—ingredients are printed on the wrapper. Refuse substitutes. Insist upon Foley's. Sold everywhere.—Adv.

## TUSTIN SENIORS TO CHOSE DRESSES FOR GRADUATION AFFAIR

TUSTIN, March 6.—The senior class meetings are constant discussions of senior pictures, announcements and dresses, especially dresses. Most everyone seems to favor white dresses. To settle the difficulties a meeting of the senior girls and their mothers has been called for Thursday afternoon, when it is expected the difficulty will be definitely settled.

A committee has been appointed to investigate the prices and quality of various photographs. Samples have been submitted by several Santa Ana photographers. It is necessary to get the pictures taken at once so as to get them in the Annual. Also several announcement cards have been submitted, but no definite action has been taken so far.

## SCHOOL GIRLS VISIT RED HILL ON FRIDAY

TUSTIN, March 6.—A party of eighth grade girls motored to Red Hill Friday afternoon.

The time was spent in gathering wild flowers and exploring the various caves. Mrs. Charles Grisette acted as hostess. Those who participated were: Ruth Hannaford, Edith Johnson, Louise Artz, Alice McDougall, Ruth Tantlinger, Marjorie Crawford, Anna Louise Hurtado, Alice Prather, Louise Grisette, Merle Carson, Alma Condra, Miss Wray, Mrs. Charles Grisette and Dorothy Grisette.

## TUSTIN COUPLE GOES TO HUNTINGTON PARK

TUSTIN, March 6.—Mr. and Mrs. Davis are located at Huntington Park. Mrs. Alice Crawford, mother of Mrs. Davis, who also has located at Huntington Park, and who had been visiting her sister, Mrs. F. P. Crawford, returned home with Mr. and Mrs. Davis. Mrs. William Cornick and daughter, Miss Mable Cornick of Anthony, Kans., who have been visiting Mr. and Mrs. F. P. Crawford, also returned with Mr. and Mrs. Davis to visit with them this week. They will return to Tustin where they intend to stay for some time. Later they will visit Mrs. Cornick's daughter, Mrs. Gertrude Kearns of Sacramento.

## LADIES AID SOCIETY OF TUSTIN GATHERS

TUSTIN, March 6.—The Ladies' Aid society met at the home of Mrs. Minnie C. Childs Thursday afternoon. Light refreshments were served.

Those present were: Mrs. L. E. Allen, Mrs. Fred Preble, Mrs. Philip Ebel, Mrs. William Satterwhite, Mrs. George Brown, Mrs. Charles E. Bowmann, Mrs. W. L. Shatto, Mrs. Charles Lambert, Mrs. W. L. Leiby, Mrs. Alton Alderman, Mrs. W. S. Suddaby, Mrs. John Dryer, Mrs. O. A. Leiby and Mrs. Minnie Childs, the hostess.

## ESPEE WILL SLASH RATES INTO MEXICO

LOS ANGELES, March 6.—Since the recent excursions of the Los Angeles Chamber of Commerce to Mexico City, trade possibilities with the neighboring republic have taken an upward trend which will be greatly furthered by a special line of freight rates, announced here by J. T. Saunders, general freight agent of the Southern Pacific company.

Under the new rates, material reductions will be effected on many Southern California products shipped to El Paso and destined to San Luis Potosi, Agua Caliente and points south on and beyond the National Railways of Mexico.

The information of the Southern Pacific's action in the matter was received with great satisfaction by Maynard McFie, chairman, and other members of the foreign trade committee of the Chamber of Commerce, and by F. P. Gregson, traffic manager of the Associated Jobbers.

The reductions will range to a point higher than 50 per cent and will include all class rates, as well as the following commodities: Agricultural implements, bags, barytes, beans, cans, canned goods, empty carriers, cordage, drugs, fertilizer, cereals and cereal products, furniture, clay and its products, beverages, gypsum, plaster, axle grease, fillers, scum, hides, structural iron machinery, condensed milk, olive oil, paints, roofing and building paper, soap and bicarbonate of soda.

## ANNUAL WILL BE PUBLISHED BY T. U. H. S.

TUSTIN, March 6.—At the student body meeting of the Tustin union high school held last Thursday, the question of the school annual was again brought up.

A motion had previously been passed that a school annual be published and Thursday the machinery was set in motion.

After hearing a favorable report from the committee appointed to investigate the sources from which money could be obtained it was definitely established that an annual will be published. The cost of the book was set at \$1 each, and over 125 students have already signed up for annuals. This is over five-sixths of the students and before the week is out the student body should be one hundred per cent.

Orders from outsiders may be telephoned in to the high school office or given to Raymond Fisher, business manager.

The staff has been at work for some time and the book will be well worth the money. It will contain about seventy or seventy-five pages. The remainder of the work is being rushed, as it is the desire to get it to press by the last of March so it will be available sometime in May.

## IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

## Inexpensive Method of Reducing Dangerous Swollen Veins at Home

Doctor's Recent Discovery, Also Heals Ulcers, Bolls, Carbuncles, Abscesses and Open Sores in a Few Days

The world progresses. To-day ailments that took weeks to cure are now being ended in a few days. If you have varicose veins or bunions you can start this today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moone's Emerald Oil at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moone's Emerald Oil besides being one of the most powerful of antiseptics capable of destroying the most pernicious germs and the poisons causing them, is also a marvelous healing agent.

One application for instance stops the itching of eczema, and a few applications causes the eruption to dry up, scale off and completely disappear. Itch, salt rheum, redness and inflammation is equally as effective in relieving the itching of eczema, and a few applications causes the eruption to dry up, scale off and completely disappear.

People who want to reduce varicose veins, wens or goitres, or get rid of eczema, ulcers, boils, abscesses or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you.

Moone's Emerald Oil besides being

## A PUZZLE A DAY

Using the nine digits 1, 2, 3, 4, 5, 6, 7, 8, 9 fill in the stars shown above in such a way that the four figures from A to B will add up to the same total as the four figures from B to C and A to C.

Yesterday's answer:  
If a man desired to cut twenty yards of rope into ten pieces, each two yards long, and if he cut off two yards each day, it would take him nine days to cut up the rope. At the end of eight days he would have a four-yard piece remaining, and his ninth-day cut would divide that piece into two pieces each two yards long.

## Mr. Walnut and Citrus Fruit Grower

Do you realize the wonderful possibilities of the Western end of the great San Fernando Valley, for the growing of walnuts and citrus fruits?

LOCATION only twenty-five miles from the center of Los Angeles, irrigated with

OWENS RIVER WATER, conceded to be the cheapest and best irrigation system in all Southern California.

ELEVATION varies from 800 to 1000 feet, and we now have a man from the Santa Ana section who owns four hundred acres of three year old walnut and 100 acres of citrus fruit in one place.

COME to our office and let us show you that this section did not suffer during the winter of 1921-1922 and we will be pleased to show you this walnut and citrus grove.

WE have a combination of fine soil, fine water system, near paved boulevard, towns and schools, and our land prices are as low as \$500 per acre.
